Foreword

WELL, here's your 1947 AGROMECK. We've been working all year to publish an annual that we hoped you would like. Now our task is over. And don't let anybody tell you that we are not glad. Whatever our trials and troubles have been, we of the Editorial and Business Staffs have sincerely enjoyed our task; and if you like our efforts, we shall feel well rewarded. Mistakes are sure to occur in editing a book of this size; for these we ask your indulgence and your sympathy. If on the other hand you see things that you think are good, we'll take any praise you wish to hand out. So hurry and see the rest of the book. Here's hoping you think it's great.

RUFFNER

BOSTIAN

Dedication

WE the members of the staff of the 1947 AGROMECK respectfully dedicate this, the forty-seventh annual volume to Dr. Lodwick Hartley, Prof. Robert H. Ruffner and Dr. Cary H. Bostian as an expression of our admiration for the work they have done toward building a greater North Carolina State College. Throughout their careers each has been a wise counselor, a true friend, and an inspiration to all.

It is hard to believe that they are no longer with us, these 255 State College men whom we call our war dead. Only yesterday they were walking arm in arm with us on the campus, sitting next to us in our classes, drinking cokes with us at the "Mop-Up." No, we do not see them any more, and we wonder.

If they are dead, we know that they died to make possible the very life that we are now living. For this reason alone they must still be with us in spirit; and their memory must always be sacred.

May every opening of this book serve to remind us of the great sacrifice that they have made and of our equally great responsibility to protect the fruits of this sacrifice. So we say, "Sleep quietly, our Buddies. May the Lord protect you and keep you. May the Lord cause His Countenance to shine upon you, and give you peace."

Faculty Council

NORTH CAROLINA STATE

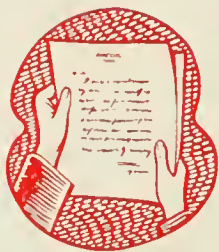

Hardly could the members of the State Legislature of 1888 have realized the importance of the bit of legislation they passed creating the North Carolina State College of Agriculture and Mechanic Arts. Only the most forward-looking of those legislators could have visualized a school that would rise to importance among the educational institutions of North Carolina, founded as it was to teach the lowly arts and sciences of agriculture and mechanical skills.

From its meager beginning with one building, seventy-two students, and eight faculty members,

State College has steadily and progressively grown, so that its campus of one hundred twenty-five acres and forty-five buildings is no longer able to accommodate all of the thousands of students who are seeking to enroll. Today N. C. State is recognized, not only as a leading college in North Carolina, but also as one of the outstanding schools of the South.

Located in the capital city of the state, symbolic of the intimate contacts it has with the lives of North Carolina citizens, State College is ever striving to be of more service in solving the agricultural and technical problems of our great state and nation.

Assistant Controller

Basic Division

The Basic Division has been functioning at State College since September, 1938. Its principal purposes, as set forth in the action of the Board of Trustees by which it was created, are twofold:

1. To provide "two years of basic courses in the humanities, natural and exact sciences and the social sciences as the foundation of the schools of agriculture and forestry, textiles and engineering."
2. "To provide in the curricula of the upper years of each technological school for a minimum of the more general cultural courses in the humanities, natural sciences, and social sciences."

The Basic Division is responsible for the educational progress of all freshmen and sophomores. In addition to the daily contact with teachers in the classrooms and laboratories, each student has the benefit of help from his technical adviser, who keeps him in the straight path with respect to his load and subjects pursued; of friendly advice from his counselor with respect to vocational aims and personal adjustments in the college environment; and of cooperation with his dormitory assistant in helping to create conditions in the dormitories which will be conducive to a good combination of happy living and serious working.

The Basic Division thus undertakes to surround the student with the best opportunities for personal and educational development. The response of the students is continuously encouraging. Perhaps the Division including its students, can claim part of the credit for the steadily improving scholarship of the college and for our steadily improving standing among the technological institutions of the country.

B. F. BROWN, Dean

FACULTY OF BASIC DIVISION

ADMINISTRATIVE BOARD

Left to right: R. N. ANDERSON, Personnel; DR. LODWICK HARTLEY, English; DR. W. N. HICKS, Ethics and Religion; L. E. HINKLE, Modern Languages; J. F. MILLER, Physical Education; JAMES W. PATTON, History; C. B. SHULENBERGER, Economics; S. R. WINSTON, Sociology.

Agriculture and Forestry

Opportunities for leadership in the fields of agriculture and forestry abound in North Carolina. The School of Agriculture and Forestry offers the means whereby students can obtain the technical training necessary to make maximum use of these opportunities. Curricula have been developed to enable the student to choose his life's work either in the direction of a general agricultural background or in the more technical aspects of the profession. The need for technical workers and leaders is great and it will take large graduating classes for a number of years in the future to give to North Carolina agriculture the trained men essential for its progress.

School of Engineering

Dedicated to a program of professional engineering education and engineering research, the Engineering School has a deep pride in its past accomplishments and looks ahead with renewed confidence to meet the growing needs of this scientific and engineering era.

The developing industries of the State will be aided by our accelerated engineering research activities and by the graduates of our reorganized engineering curricula. Engineering research will aid in the development of new products, new processes, and new and better applications of our raw materials. As a result of a stimulating program of engineering education in which is integrated courses dealing with the humanities, our graduates will have an opportunity to give intelligently their skill and knowledge for the public good and at the same time take their places in the foreground of practicing engineers.

This year we have a tremendous enrollment in the Engineering School—greater than that in the entire college in 1942. Along with this heavy teaching load we shall maintain and carry forward our high level of instruction in the fields of engineering. We know our engineering graduates will be properly prepared to advance in their profession and to serve their communities.

J. H. LAMPE, Dean

School of Textiles

A new era has dawned upon the oldest industry in civilization. The continual development of natural and synthetic fibers through research has greatly widened the uses of textile products, and has increased almost boundlessly the horizon of textile knowledge. These developments provide increased opportunities for trained men and women: trained for research, production, manufacture, design, and economics.

Young people with scientific and technical training, initiative, and imagination have always been needed by the textile industry. The School of Textiles offers qualified individuals the opportunity to acquire the educational preparation necessary for success in filling this need. This training, based on a study of science, technology, management, and art, coupled with a strong, general college education, results in our modern, perceptive, research-minded textile graduate.

The public-spirited manufacturers of North Carolina recognize the value of progressive textile education. Through the N. C. Textile Foundation they have helped bring to the School as teachers outstanding experts in various fields of textiles. In return, the industry profits by drawing for leadership upon a pool of scientifically trained personnel.

M. E. CAMPBELL, *Dean*

Graduate Division

The Graduate Division is the State College branch of the Graduate School of the consolidated University of North Carolina. Its function is to provide graduate training in the sciences and technologies of agriculture, engineering, textiles, and vocational teacher training. The urgent need for graduate instruction leading to research in these fields is recognized by the leaders in the occupations which depend upon the development of these branches of industry. Moreover, unless graduate study and research in the technological and related fields are provided, the institutions of higher learning in this section of the country will look elsewhere for trained men, whereas there should be a fair balance of such men from every section of the country.

Graduate students have the advantages offered by the Agricultural Experiment Station, the Engineering Experiment Station, and the Research Laboratories of the Textile School, in addition to the regular laboratories used for instruction.

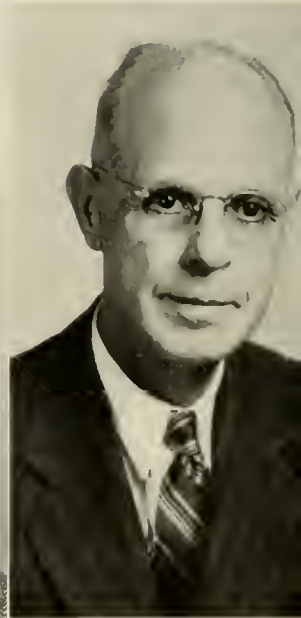

Individually developed courses of study lead to the degrees Master of Science and Doctor of Philosophy. In addition State College offers a Professional degree to its graduates who have performed outstanding professional service.

Z. P. METCALF, *Dean*

GRADUATE COUNCIL

J. R. Ludington, G. W. Smith.

Division of Teacher Education

The Division of Teacher Education at State College is responsible for the undergraduate and graduate training of teachers of Agriculture, Industrial Arts, and Trade and Industrial Education for the white schools of the State.

The chief function of the Division of Teacher Education is to provide the professional courses for the students electing to become teachers, the general and technical courses are provided by other schools on the campus.

The professional training involves residence courses in psychology, visual instruction, principles of teaching, methods of teaching and secondary education. It also includes directed teaching experience in selected schools away from the campus. Members of the faculty of the Division give very close supervision to the trainees while away from the campus doing directed teaching. They also carry on a research program, prepare teaching materials, and render other professional services to teachers in the field.

The demand for teachers in the above fields is much greater than the College has been able to supply.

The Corps

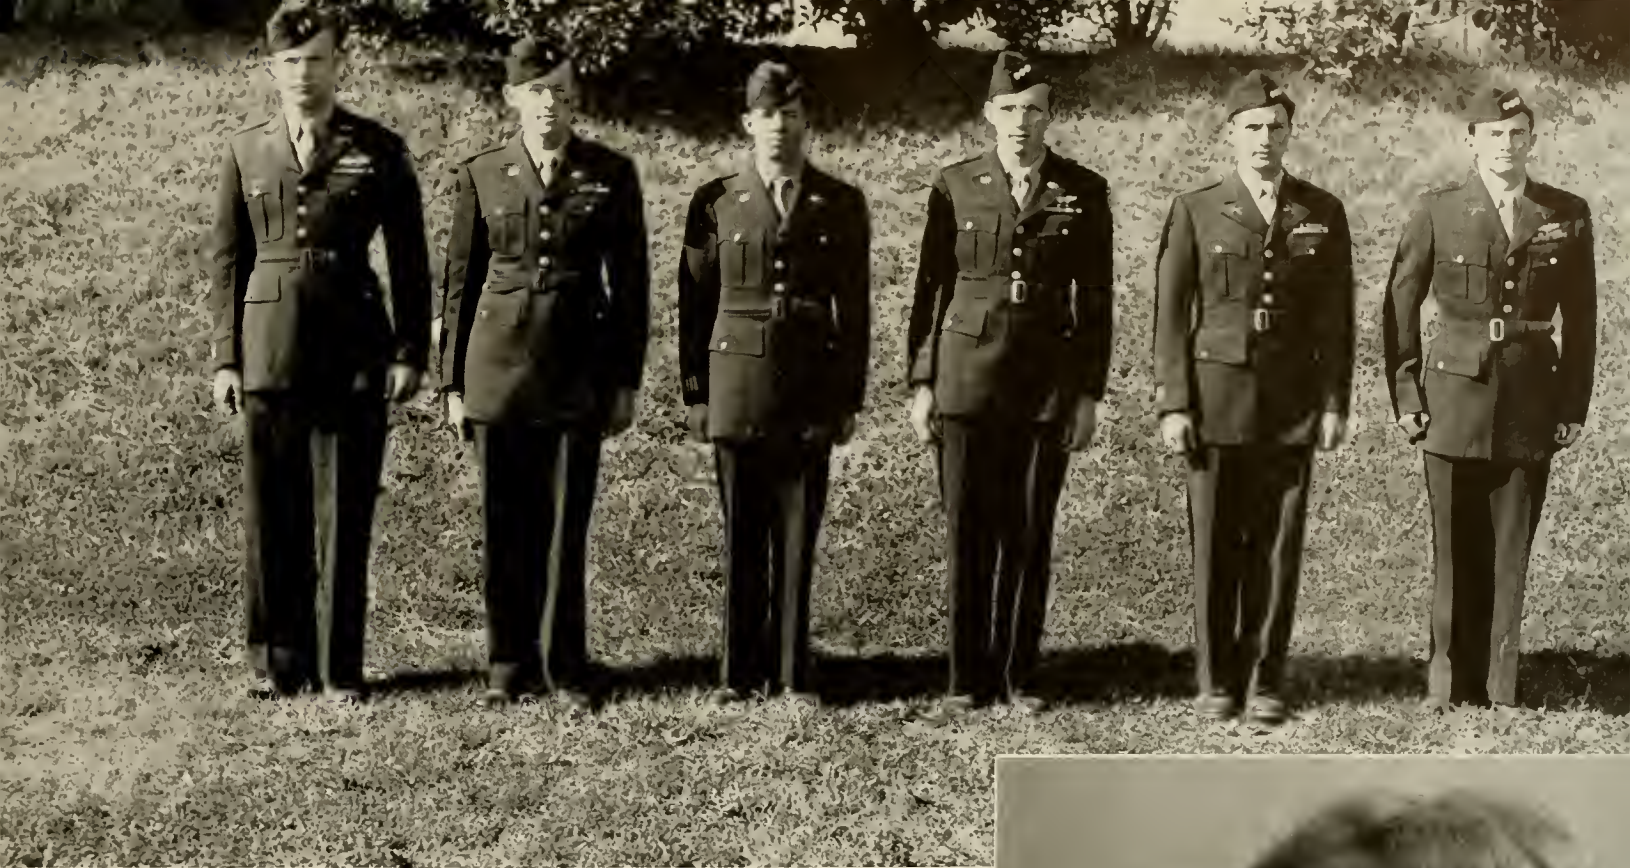

A Message From The Colonel

World War II clearly demonstrated the value of the Reserve Officers Training Corps (ROTC) to our National Defense. The War Department in reactivating the ROTC this year has recognized this value. New policies in administration of the ROTC and revised courses of instruction will better prepare the ROTC graduate to meet his duties as a reserve officer in our reorganized army in which educational values and a broader knowledge of tactics and personnel management are being stressed to a higher degree than ever before.

The ROTC at State College consisting of three units: Air, Infantry and Signal Corps, has gotten off to an excellent start. It is expected that the same high standards which the State College ROTC is known to have consistently maintained before the war can soon again be attained.

SAMUEL A. GIBSON,
Colonel, Infantry, U. S. A.

THE MILITARY BAND

Vital to every parade and every function of the entire Military organization is the military band. Serving year after year with excellent performances, they are considered one of the outstanding

units of their kind in this section. The band is composed of military students who show an aptitude to music.

*First row: M/Sgt. Prestridge, Porter, Palmgreen, Allen, Fesperman, Wilfond, Edge, Carrol.
Second row: Mills, Robinson, Merritt, Butchart, Dodge, Fields, Cranford.
Third row: Cooke, Gillett, Ward, Glass, Rogers, Hoke, Edwards.*

THE RIFLE TEAM

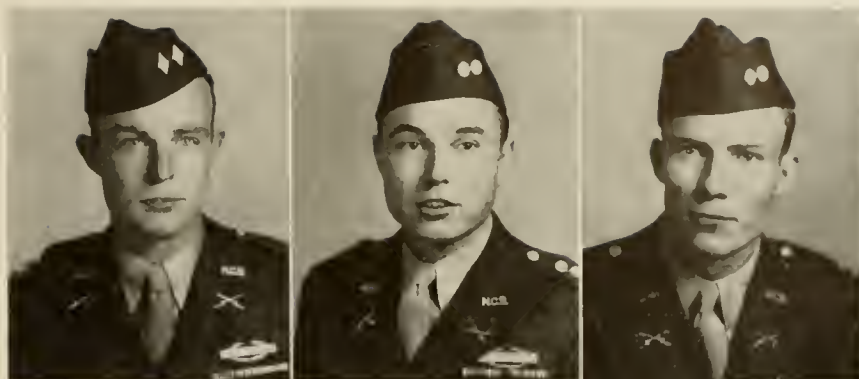

Under the able direction of Major W. D. Vaughan, officer in charge, and M. Sgt. Prestridge, coach, the 1947 rifle team is again expected to win many matches this season. The team has thirteen

matches scheduled and also plans to participate in the Hearst Trophy Match and the Seventh Army Intercollegiate Rifle Match. Last year State won first and second in these two matches.

The Cadet Officers' Association was reorganized at the beginning of this school year with the purpose of encouraging and promoting a greater interest in this College, Community and Country among the advanced R. O. T. C. students. The association assists in the selection of the basic military student who will receive the advanced course. The Military Ball, always one of the highlights of the college's social calendar, is sponsored by the Cadet Officers' Association.

These are the people who have worked so hard and faithfully throughout the entire year to make the 1947 AGROMECK possible. Their job was not an easy one. A comparison of the size of this book to that of any AGROMECK published during the war years will quickly show that much additional work was required. Whereas 1800 copies were printed last year, this year we are printing 4700. The engraving and printing costs are nearly twice again as much as before, and we all feel that we must be twice as tired as anybody ever was.

Quite a few other people were instrumental in getting your annual to you: Len Glover and Manson Allen up at The Lynchburg Engraving Co.; Harrie Keck at Observer Printing House; "Budgy" Riggan at Daniel Riggan Studio; Dean Romeo Lefort; and Mr. H. K. Witherspoon (who took all our color shots for us). These and others pooled their efforts, and we hope you like the results.

Top to bottom, left to right: Barefield, Bird, Chisholm, Diamond, Diehl, House, House, Houston, Kidd, Levin, Simpson, Skinner, Stack, Stinson, Thomas, Wagner, Walcoff, Witmer, Zeckendorf.

The *Technician* is the weekly newspaper of State College, published entirely by the students. This year has seen the *Technician* circulation rise to over 5,000 compared with a pre-war circulation of 3,000. In keeping with the expanded circulation the *Technician* has expanded the size of the paper despite the severe handicap of not having enough newsprint. The traditional four-page edition has appeared in 6 and 8 page form as many weeks as the supply of newsprint would allow. Plans for a semi-weekly newspaper are under way at this writing.

The *Technician* has capably covered the many events of this year as well as taking a leading role in the promotion of many of the most outstanding occasions. The staff of the *Technician* is an exemplary cross-section of the various groups present on the campus. This fact accounts for the complete coverage the *Technician* has given to all groups. The *Technician* has rated the "best since 1939" and has taken a place with the best college weekly newspapers in the nation.

THE WATAUGAN

After a three-year period of dormancy, the *Wataugan*, "The Magazine for College Men," was resurrected with the approval of the Publications Board as a literary magazine. Working on the theory that it could be both literary and humorous, the staff made an effort to publish a magazine that would please the students and at the same time come up to the standards set by the Publications Board. It is published six times yearly.

THE AGRICULTURIST

The *Agriculturist*, published six times yearly, has been the official publication of the Ag Club and the School of Agriculture for twenty years. This publication promotes closer cooperation between students and faculty and keeps the alumni posted on activities of the School of Agriculture. Through its wide circulation, the *Agriculturist* ever maintains close contact with North Carolina citizens and serves as an important organ of publicity both within the state and in other states.

SOUTHERN ENGINEER

The *Southern Engineer* is published six times each academic year during the months of October, November, January, February, March, and June, under the sponsorship of the Student Engineers' Council. The magazine has a twofold purpose: to disseminate information, and to afford to the engineering students who comprise the staff an opportunity to develop writing techniques.

PINETUM

For the past decade and a half, the *Pinetum* has been the written voice of the students in the Forestry Foundation. It is sponsored by the Forestry Club and is published annually, making its appearance during the Spring term. Feature articles are contributed by the student body relative to the major school activities such as field trips, progress reports, and on many other subjects of interest to both the undergraduates and graduates in forestry.

Blue Key Fraternity recognizes outstanding qualities in character, scholarship, and service, placing equal emphasis upon leadership in student activities. Composed of the outstanding men in every student group, its purpose is to perpetuate belief in God, to preserve the principles of good citizenship, and to promote the best interest of the students. This year Blue Key sponsored the greatest Homecoming in our school history . . . co-sponsored a dance that was extremely successful . . . cooperated with other campus organizations in a successful campaign to collect food and clothing for needy persons . . . also sponsors the annual Frosh-Soph Pushball contest.

TAU BETA PI

Tau Beta Pi is a national engineering association founded at Lehigh University in 1885. Alpha of N. C. was installed here in 1925. While distinguished scholarship is the primary requisite for admission, true integrity is

considered the "sine qua non" for membership in Tau Beta Pi. To be elected into Tau Beta Pi is one of the highest honors that can be bestowed upon a student engineer.

First row: Armstrong, Bland, Brickhouse, Clapp, Cole, Dammann.

STUDENT GOVERNMENT

The Campus Government and Honor System was established in 1921 for "the purpose of forming a more perfect community of scholars, affording opportunity for training in American citizenship, and securing the blessings of liberty, learning, and integrity . . ." for those of the college community. A new constitution was drawn up and adopted in 1945 in order that the ever changing needs of campus might be more adequately met.

The Council is a cross-section of the Student Body for each professional school and each class is represented therein. The twenty-four members and the four officers are elected by their fellow classmates in an open election as is the democratic principle.

Although there are only twenty-eight members of the Council, each duly-registered student is an integral part of the Campus Government, since he has pledged his earnest support of those fundamental principles of honor and learning for which the Campus Government stands.

James, Guy L. Jones, Douglas T. House, Harry L. Jordan, James T. Johnson, Frank H. McDowell, Grady A. Martin, Thomas J. Robbins, George W. Smith, Harold E. Stinson, J. Philip Strole, James Clyde Taylor, Walton R. Thompson, John D. Tripp, Robert P. Upchurch, Fred H. Wagoner, John B. Wagoner, William C. Williford, Moyle S. Williams, Charles B. Coble, John D. Wilson.

The early part of 1946 was spent in reactivating the North Carolina Chapter of Alpha Zeta, after a period of three years' inactivity due to the war. Fifteen new members were taken in last April, and ten more were initiated in November. Alpha Zeta has many plans for activities designed to make the State College Campus a better place to live and work. The fraternity has been instrumental in the erection of a trophy case in Patterson Hall for the School of Agriculture.

Distributes booklets on "How To Study" to all incoming freshmen. Held banquet following initiation of new members. Had a part in welcoming new students during Freshman Week and outlined purpose of Phi Eta Sigma.

The National Freshman Honorary Fraternity strives to encourage first-year men to have a desire for excellence in scholarship and college community life. A freshman must make grades of half "A" and half "B" in his first term in college in order to be eligible for membership. Throughout the colleges of the United States membership in Phi Eta Sigma is the highest honor in scholarship that a freshman may attain.

The object of Pi Tau Sigma is to foster the high ideals of the engineering profession, to stimulate interest in coordinating departmental activities, and to promote the mutual professional welfare of its members. A Mechanical Engineering Handbook is given each year to the Sophomore having the highest scholastic average. The chapter room and files have been moved to the Diesel building. The fraternity has sponsored several inspection trips to various engineering firms. Two successful initiation banquets have been held at which several outstanding men in the Mechanical Engineering Department were initiated. The fraternity has given its full support to all departmental and A. S. M. E. activities.

The State College Chapter of the A. S. C. E. did much during the past year to keep the members abreast with the latest engineering developments. With the aid of Professor Babcock, the chapter was able to secure several distinguished speakers who have had many years of civil engineering experience. Mr. T. S. Johnson, regional director of the O. P. A., gave an inspiring speech in which he stressed the importance of initiative on the part of the young engineer. Dr. J. D. Watson, Chief Engineer on the construction of the Gaseous Diffusion Plant at Oak Ridge, Tennessee, lectured to the chapter members on the "headaches" the young civil engineer will encounter when he graduates. Student initiative was shown by Al Foster and Thomas Heritage, who presented two splendid talks at the North Carolina A. S. C. E. Section meeting in Raleigh on May 3. The student chapters of State College and Duke University also had a joint meeting with the N. C. Section at Durham in November. The joint meetings are held once each quarter.

The Engineers' Council is composed of representatives from all the engineering technical societies on the campus. It helps to coordinate the activities of the various societies and to provide a link between the different departments. The council sponsors and supports the *Southern Engineer*, the literary voice of the engineering school.

The Council also sponsors the annual Engineers' Ball, at which time the ceremony of Knighting into the order of Saint Patrick is held, and the annual award to the outstanding senior in engineering is presented.

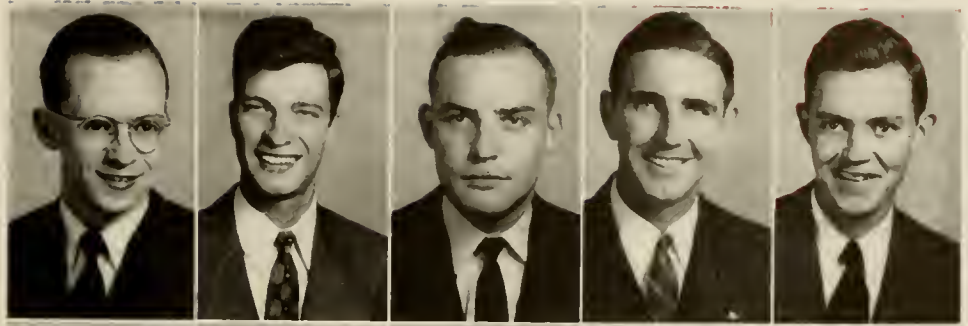

This year the Council sponsored a series of talks by several of the nation's outstanding engineers.

The Society initiated the largest number of new members since the Chapter's installation in 1932. The program undertaken this year included a dance at the Woman's Club, a joint meeting with the Raleigh Section and the Duke Student Chapter at which the members were privileged to hear both Mr. E. E. Williams, Regional Vice-President of A. S. M. E., and Mr. George McGowan, Research Engineer from the American Locomotive Company. Joint meetings were held with other technical societies on the campus as well as routine business meetings. The Society sent five students and the Faculty Adviser as representatives to the Annual National A. S. M. E. Convention held in New York City.

Young.

The North Carolina State College Branch of the Institute of the Aeronautical Sciences holds meetings every other week to keep the aeronautical students up to date with the new developments in aeronautical engineering and in aviation. The first term of the 1946-1947 year was spent in rebuilding the aeronautical department and in re-establishing the Branch after the inactive years during the war.

The Beaux Arts Society is composed of students in Architecture, Architectural Engineering, and Landscape Architecture. Its purpose is to promote fellowship among students of like interest. Speakers prominent in the profession are invited to present their views to the society and various social events are also sponsored.

The Beaux Arts Society attempts to further the course of good architecture by the association and discussion of those interested in the profession.

The Branch has experienced its most successful year with its enrollment reaching an all-time high of 61 active members. Scheduled meetings have been held each two weeks with good attendance. Various methods were employed to keep interest high, one of the most outstanding ones being that of having students present papers prepared by themselves. Other speakers heard during the term were Dean Lampe, dean of the Engineering School, and Mr. H. B. Wolf, Sectional Vice-President of the National A. I. E. E. During one meeting, an inspection trip was made to a local firm.

Several of the student members attended the State Sectional meeting held at Duke University in the fall. A similar sectional meeting was held here in the spring. The local Branch made all the arrangements and met with considerable success.

The Branch concluded the year with a party in Pullen Park and with high expectations for the coming year.

Eta Kappa Nu is the national honorary electrical engineering fraternity. Outstanding men from the junior and senior classes in electrical engineering are elected to Eta Kappa Nu. Marked ability, as evidenced by scholarship and other qualities which indicate that the student will be a success in his profession, comprise the membership qualifications.

Eta Kappa Nu stimulates and rewards high scholarship. Each year a prize is presented to the outstanding sophomore in the electrical engineering class. The organization cooperates with the local student branch of the A. I. E. E. in securing members, planning programs and in various other ways. Eta Kappa Nu also undertakes every project that it can to help electrical engineers by improving the standards of the profession, the course of instruction, and our institution. A chapter room is maintained in Daniels Hall.

Members: All students who are registered in the school of Agriculture and Agricultural Education.

The Agricultural Club has shown through its record of achievement and success that it deserves the position of prominence which it has obtained in the official organization of the school of Agriculture. It strives to bring the members of the various departments of the School of Agriculture together in understanding each other's problems. This past year has been a very active year for the

members of this group. The student Ag Fair is presented in conjunction with the State Fair. The Ag Barnwarming is one of the social highlights of the year; also the Ag Picnic is a gala event. The official publication of the Ag Club is the *Agriculturist*, published by the students of the club.

Phi Psi is the largest textile fraternity in the world, and its alumni hold some of the highest positions of trust and respect in all branches of the industry. So that the alumni might maintain closer contact with each other, alumni chapters are located in all leading textile centers of the country.

Since its organization at State College, Eta Chapter has taken an important part in the activities of the Textile School. Its members have been prominent, not only in the affairs of the department but also of the college as a whole. They have gone out to earn places of trust and responsibility in the textile industry.

The Institute of Radio Engineers is one of the newer organizations on the campus. Meetings were first held in the name of the organization during the fall term. A small group of students who were interested in organizing a student chapter of the Institute of Radio Engineers met weekly on Wednesday nights and worked diligently drafting a constitution and planning for the organization. At the last meeting, before exams in the fall term, the constitution was finally adopted. As soon as the new term started in January, work began again, and on January 15th the Institute of Radio Engineers became an actuality. It was at this meeting that the officers were elected and an active membership roll established. The new-born

organization then began mapping plans for the future. The plans for the year include a gala smoker, speakers talking on timely topics of the electronic world, inspection trips, and many more.

The group which set this organization off to its wonderful start is indeed proud of its rapid growth and looks forward to its future with satisfied minds. The group which was instrumental in the formation of the Institute of Radio Engineers consisted of: Stewart Hunter, Wesley Jones, Charles Wright, Eugene Dawson, Robert Herbst, John Witherspoon, Allen Fuller, Oren Palmer, Alfred Hurt, Carl Fisher, and Roy Campbell.

The fraternity was generally busy this year in going through the procedures of reactivation and reorganization since it has been inactive since 1943.

The Paul Bunyan Scholarship Axe was brought up to date. This trophy consists of a large beautifully mounted double-bitted axe. The name of the forestry senior with

the highest scholastic average is engraved on a silver plate and mounted on the trophy axe.

Plans at the present are being made to make a similar award to recognize scholastic and leadership achievement in the under classes of the forestry school.

Faculty members: J. V. Hofmann, Lenthall Wyman, G. K. Slocum, W. D. Miller, C. M. Kaufman, J. W. Chalfant.

Members: All students registered in forestry.

The State College Forestry Club meets once each week during the regular school year. The club was started to promote better relationships between the students and the faculty and between members of the different classes; the club also presents programs which are meant to be both educational and entertaining.

The club sponsors an annual "Rolleo" at the Hill Forest where teams from the different classes compete in axe-throwing, tobacco spitting, log-bucking, tree felling, horse shoe pitching and other events for "Rolleo" champ-

ion of the year. A "Logger's Ball" is held each fall; this is the outstanding event of the social program of the club, which includes picnics and other outings.

The Forestry Club sponsors the publication of the *Pinetum*, which is an annual of the Forestry school distributed to each alumni and student of Forestry. *Slabs and Edgings* is a mimeographed sheet that is published by the club twice each term; it contains articles and news of particular interest to students of Forestry.

The Aquinas Club was founded on the campus of North Carolina State College in 1935. It has served the purpose of acquainting Catholic students with one another; of encouraging thoughtful and intelligent understanding of the Catholic Faith through lectures and dis-

cussion on Catholic doctrine, legislation and attitudes; of providing a Moderator for the students, who will be available to them for counsel and advice; of stimulating religious fervor among the students by promoting corporate religious activities.

 REV. R. C. LASATER,
Student Chaplain

The Baptist Student Union serves as a link between the college student and the local church. It seeks to unite him with the church of his choice in a relationship which will be helpful and stimulating to both him and the church. It endeavors to assist him to formulate while in college a philosophy of life which will include all of life. It seeks to promote wholesome social relationships through planned social events and spontaneous friendship.

In attempting to carry out these aims the B. S. U. has worked closely throughout the year in all departments of the local churches. It has promoted Christian philosophy and ethics through campus discussion groups. It has sponsored a variety of social events for State and Meredith college students, and has served as co-sponsor of the Campus Vespers and the Trailwood Sunday Afternoon Fellowship.

The North Carolina State College Chapter of Agronomy was reactivated at a meeting called by Dr. R. W. Cummings on May 21, 1946. The club was discontinued in 1943 when a majority of the group entered the armed forces. Those remaining decided that a suspension of the society activities would be desirable under the strenuous program imposed upon the student and faculty members. The Agronomy Society endeavors to improve the relationship between the students and faculty, to help in carrying on student activities, and to better prepare students for post college work. At each of its semi-monthly meetings the club sponsors a speaker who gives the latest information in his particular specialty and its application to problems of agriculture. Each term one or more major projects are sponsored. Activities during the fall term included a student-faculty picnic and a departmental exhibit at the N. C. State fair. An essay contest under direction of the National Society highlights the winter term. In the spring, the Agronomy students conduct a statewide field trip to all experiment stations and other agronomical projects.

Keramos, the national professional Ceramic Engineering Fraternity, was founded in 1902 at Ohio State University, and is the oldest professional engineering fraternity in the world. While the organization is strictly professional in nature, the requirements for membership are as high as most of the honorary societies and it permits the wearing of the key by honor students. Membership is offered only to students in the Department of Ceramics or Ceramic Engineering who have a good scholastic record, a good character record and who gives promise of making good in industry. Keramos has as its aim the big brother idea toward Ceramic freshmen and strives to promote ceramics and scholarship among underclassmen at State College.

The chapter at North Carolina State is a student branch of the American Ceramic Society which has as its purpose the promotion of technical and professional development of Ceramic Engineering. In the student branch emphasis is placed upon scholarship, character, and professional development. The chapter meets once each month. Outstanding speakers are invited to speak

upon topics of interest in the ceramic field, and movies are shown to acquaint members with the different branches of the ceramic industry. The society provides a medium for the meeting of students interested in ceramic engineering, and it furthers the student's interest in the department of Ceramic Engineering at North Carolina State College.

BETA TAU CHAPTER

100 ACTIVE CHAPTERS

FLOWER: *White Rose*

COLORS: *White and Gold*

Sigma Nu originated from the Legion of Honor, a secret society organized in 1868 at the Virginia Military Institute. The four founders were moved by idealistic hopes, and they founded a society which would inculcate honor and mutually benefit its members. Since its founding the fraternity has prospered and at the present time, there are 100 active chapters throughout the country. It is the oldest fraternity at State College, Beta Tau chapter having been installed here in 1895. The purpose of its founders was "to establish through the warm friendships of a group of congenial college men, on the foundation stone of honor, ideals of intellectual achievement, character, and social development, all to the end of becoming better men and better citizens."

BETA UPSILON CHAPTER

110 ACTIVE CHAPTERS

COLORS: *Scarlet, Green, White*

FLOWER: *Lily of the Valley*

Seventy-six years ago William Grigsby McCormick, former head of the McCormick-Deering Corporation, together with four friends, established the first chapter of the Kappa Sigma fraternity in America, on the beautiful campus of the University of Virginia. Kappa Sigma was first founded at the University of Bologna in 1400. Since its beginning here in America it has expanded tremendously. There are 110 active chapters and more than 42,000 living active alumni members who wear the star-and-crescent badge of the order. Beta Upsilon was established on the campus of North Carolina State in 1903 and since that time has initiated about 310 men. The fraternity publishes two periodicals, namely "The Caduceus," a monthly magazine for its members, and the "Star and Crescent," a secret publication.

ALPHA OMEGA CHAPTER

69 ACTIVE CHAPTERS

COLORS: *Crimson and Old Gold*

FLOWERS: *Red Rose and Magnolia*

Kappa Alpha Order was founded at Washington and Lee University in 1865 to perpetuate the Southern ideal of gentlemanly character as exemplified by General Robert E. Lee, its Spiritual Founder. The fraternity is patterned on an order of knighthood, and members are expected to conform to the discipline of the order and to cultivate the graces of the Southern gentleman. Kappa Alpha restricts its field to colleges and universities below the Mason-Dixon Line. At present there are 69 active chapters of the fraternity. Alpha Omega Chapter publishes the "Rose and Magnolia," a monthly newspaper containing timely news of the brothers and alumni.

ALPHA EPSILON CHAPTER

79 ACTIVE CHAPTERS

FLOWER: *Lily of the Valley*

During the early spring of 1868, the friendship of six students at the University of Virginia grew into Pi Kappa Alpha. From this beginning, seventy-nine years ago, the fraternity has branched out to form seventy-nine fraternal chapters. Alpha Epsilon was given its charter in October 1904 and annually presents the PiKA Ball at North Carolina State. This year will be the fortieth presentation of the Easter Monday Dance.

N. C. BETA CHAPTER

83 ACTIVE CHAPTERS

COLORS: *Purple and Red*

FLOWERS: *Violets and Roses*

Sigma Phi Epsilon is experiencing a period of reconversion. The initiates and pledges are eagerly accepting their responsibilities in fraternity life in willing exchange for the obligations, of grossly different character, which they bore during the war years. They have returned to rejoin, to strengthen, and to inspire their old chapter.

This rejuvenated group has been, and now is, extremely successful in intramural athletics. It has won the Summer Athletic Cup, the Bowling Cup, the football championship—to enumerate a few of its accomplishments. It also stands as a strong contender for the year's Athletic Cup.

The Social Program was highlighted by an all-day picnic and an Alumni Banquet at the Tar Heel Club. This activity and the publishing of a chapter paper have served well to unite our alumni solidly behind us. The "Sig Eps" are destined for a very successful year.

RHO CHAPTER

36 ACTIVE CHAPTERS

COLORS: Nile Green and White

FLOWER: White Carnation

Delta Sigma Phi, international social fraternity, was founded at the College of the City of New York on December 10, 1899. There are now thirty-six active chapters, totaling a membership of some fifteen thousand. There are twenty-one alumni chapters. On May 20, 1915, Rho Chapter was installed at N. C. State College. This chapter was formed from a local organization, Gamma Alpha Nu Gamma, commonly known as the Gang. This was an organization of three years' standing. Membership is limited to men of the white race whose ideals and beliefs are those of modern Christian civilization.

This year Rho held its annual Founders' Day Banquet at the Raleigh Woman's Club on December 7, 1946; sent two delegates to the National Convention in Chicago on January 2-5; and reactivated "Rho News," alumni news letter.

Alpha Gamma Rho fraternity was reactivated in June 1946, after three years of inactivity. Three members and one pledge returned to the campus for the fall term, 1946. Eighteen men were pledged to the fraternity and the Nu Club, alumni organization, purchased a home for the active chapter.

The fraternity maintained a high scholastic average, having the highest average of any fraternity at North Carolina State College since 1928.

Pi Kappa Phi was founded at the College of Charleston in South Carolina, December 10, 1904. It was a concrete and permanent result of a friendship that had flourished since the elementary school days in the environs of one of the South's oldest towns. With the definite purpose of extending the influence of the organization, the incorporation as a national fraternity took place in 1907. The purpose of the fraternity is "to promote fellowship and mutual trust among its members, to uphold the ideals and traditions of the college where its chapters are located, to encourage excellence in scholarship, and to inculcate in its members the highest ideals of Christian manhood and good fellowship."

Sigma Pi, national social fraternity, was founded at Vincennes University, Vincennes, Indiana, February 26, 1897. The purpose of its founders was "to organize the most worthy activities, social, athletic, and scholarly, and to set a high standard of manliness and college loyalty." The fraternity now has twenty-eight active chapters located in eighteen different states. Twenty-four chapter houses are owned by the fraternity, representing an original investment of \$650,000, exclusive of furniture, etc. Rho Chapter was installed at State College in 1921. The Chapter owns its own chapter house located at 2513 Clark Avenue.

Phi Kappa Tau, national social fraternity, was founded in 1906 by four outstanding students of Miami University, Oxford, Ohio. The fraternity and its ideals were drawn up by Dwight I. Douglas, William H. Shideler, Talor A. Boradaile, and Clinton D. Boyd. Chi Chapter at North Carolina State was granted its charter in 1923. Before that time the chapter was a social fraternity made up of outstanding textile students. The local was called Phi Psi Lambda. Phi Kappa Tau was founded to break up a monopoly on students elections which was held by fraternity unions. The growth of the fraternity has been slow but consistent. Phi Kappa Tau now numbers 49 active chapters throughout the country. The fraternity has the distinction of not having a single dead chapter. There are thirty-one alumni chapters located in the larger cities through the country.

Founded at Boston University in 1909, Lambda Chi Alpha has expanded until it is now the second largest national fraternity with one hundred and fifteen active chapters. These chapters are established at the most prominent colleges in the United States and Canada. Lambda Chi Alpha employs five full time traveling secretaries who visit the chapters and their contact with the general fraternity. The "Cross and Crescent," the fraternity magazine, is published seven times annually. "Delta Pi," the secret magazine, is published quarterly. The "G. U. Growler," the news letter of the local chapter to its alumni, is put out quarterly. Other Lambda Chi Alpha chapters are located at Duke, Wake Forest, and at the University of North Carolina. The local chapter sponsors Annual Interfraternity Bridge Tournament and Interfraternity Sing.

Alpha Lambda Tau was founded at Oglethorpe University in 1916. It was the first fraternal organization at that institution following its reorganization in the same year. Originally founded as the Alpha Lambda Club, it was later decided that the fraternity should become a national order, and was incorporated under the laws of the State of Georgia as Alpha Lambda Tau. There was at first an idea that the fraternity would never go north of the Mason-Dixon line, but this was disproved in the 1927 national convention, at which a charter was granted to a group at the University of Illinois. Zeta chapter was installed at North Carolina State College on January 22, 1925. Since that time it has grown steadily and its members have taken an active part in campus affairs. There are alumni chapters located in many of the larger cities. The chapter owns its own house which is located at 10 Enterprise Street.

Sigma Alpha Mu was founded by eight students on Thanksgiving Eve, November 26, 1909, at the College of the City of New York. The fraternity now has thirty-six active chapters in the United States and Canada. The object of the fraternity, as written in its constitution, is "to instill and maintain in the hearts of its sons love for and loyalty to Alma Mater and its ideals; to inculcate among its sons such ideals as will result in actions worthy of the highest precepts of manhood, democracy, and humanity." The State College chapter of Sigma Alpha Mu is the outgrowth of a local fraternity, Theta Phi, which had its beginning at State College in 1929. The local fraternity was chartered as Sigma Omega Chapter on May 7, 1938. The chapter participates in the publication of the fraternity magazine, "The Octagonian," and publishes a chapter magazine, The Sigma Omegram. This year an Alumni Club was formed in New York City, New York.

Sigma Chi Fraternity was founded at Miami University, Oxford, Ohio, on June 28, 1855. It was the nineteenth college fraternity to be founded, and the third to be founded at Miami University. Today, Sigma Chi consists of 104 active chapters, and 98 alumni chapters. Its chapter houses exceed \$3,370,000 in value, and it has assets of approximately \$480,000. The Sigma Chi Chapter at North Carolina State College was installed on May, 15, 1943, after two years' existence as a local fraternity known as Chi Sigma. This year was highlighted by the fourth annual Sigma Chi Sweetheart Ball given in the Hotel Sir Walter.

The WOLFPACK

FOOTBALL

We just beat Wake Forest!

Football at

North

The 1946 Wolfpack, fuming under suppression for the past 18 years burst forth with vehement fury to take its rightful place in the National Football Spotlight. Potent laden with 14 top-notch lettermen and many eager freshmen, who proved beyond a doubt their worth with sensational playing all season, State gave fair warning to any and all comers that from now on, "Shudder when you hear the name, 'Wolf-pack.'" After the 'Pack convinced Duke that it was healthier in Durham by completely outplaying them 13-6, the ever-loyal alumni and all 4902 students lavished in ecstasy like a hillbilly sampling his first "batch" of "moonshine." Under the able direction of Coach Beattie Feathers, the 'Pack growled and fought their way through the season with 8 victories and two close defeats, to capture their first Bowl Bid—the 'Gator Bowl in Jacksonville, Fla. Captained by Al Phillips, the Wolfpack entered the second annual New Year's Day Classic as a three touchdown underdog, but in true State style, kept the fans on their feet until the final whistle before giving way to the powerful and heavier Sooners of Oklahoma 34-13.

AL PHILLIPS AND CURT RAMSEY, Co-Captains

Assistant Coaches

WOOD
SUFFRIDGE

ANDERSON
RICH

The Managers

STATE 13—DUKE 6

It could be true—and it was. State's capable, well-coached, and hard charging Wolfpack decisively whipped the Blue Devils of Duke 13-6 for the first time in 13 years before a soaked crowd of opening-day fans in Riddick Stadium. This State win is classed as an upset on most books but it was no fluke. It was a team victory. After spotting Duke a touchdown late in the first quarter when Palmer fumbled a slippery ball on the 7 and Knotts recovered for Duke, the 'Pack dug in with determination. Fighting back viciously, State scored first in the 3rd quarter on an eleven yard pass from Richkus to Bozeman. There's no doubt that the bustling leader for the 'Pack was big-legged little Charlie Richkus, who turned in a brilliantly inspired backfield performance. He single-handedly sparked the first State score, handling the ball on each play of the 56 yard drive, climaxed by the pass to Bozeman, who made a sensational catch in the corner of the end zone.

Carolina State

The second touchdown drive started on the State 25 yard line. With only a few minutes left, it looked as if the State supporters were going to be denied the chance of seeing their Wolfpack emerge victoriously over their "dear" neighbors from Durham had not the boys in red and white decided to gamble for the win they so rightfully deserved. First it was Howard Turner, twice All-Southern, then Richkus who turned loose with everything in the Tennessee-styled State book of plays to roar over Duke with a display of power and passes which the Blue Devils were powerless to stop. The great play of the march was Turner's long pass to George Blomquist on the Duke 40. Turner, standing way back on his own 20, had all day to heave the pass behind a brick wall thrown up by State's rugged line. Big George was cornered by two Duke men but went high into the air between them to take the pass on the

HEAD COACH BEATTIE FEATHERS

rebound after he and one of the Devils had batted it back into the air twice. Richkus took over right after that and led the fight the rest of the way. After passing to Blomquist on the Duke 4, Richkus churned and twisted his way over the last Duke white stripe for the final and winning tally as the crowd went mad. Richkus' inspired playing was equaled only by that of the hard-charging State line. Low-underslung Bernard Watts, who ripped into the Duke backfield all afternoon with amazing speed, and Paul Gibson and Taylor Moser, along with every man in the State line, cemented the brick wall that held Duke to a net of 2 yards rushing.

STATE 14—CLEMSON 7

After a week of praise from all over the nation for their upset of Duke the week before, State's rejuvenated Wolfpack continued to prove their merit in the football circles by defeating the stubborn and strong Clemson Tigers in their own home "cage" to the effect of 14-7. Once again it was the tenacious holding power of the State line along with the swivel-hipped running of Howard "Peewee" Turner that brought the Wolfpack out of the scrap perched atop the 14-7 score.

The scoring got under way with a bang in the first period with Dutch Leverman of Clemson racing 33 yards for the first touchdown of the game to put the Tigers out in front 7-0. Then came the play that helped gain for Turner the honor of being selected by the United Press as the outstanding player in the Southern Conference that week. Turner took the

Clemson kickoff after their score on his own 2-yard line and galloped 98 yards through the entire Clemson team behind superb blocking to tie the score up for the State team. Again in the second quarter Turner led the attack and turned in another beautiful jaunt for the winning score.

Barney Watts, the freshman buzz-saw of the State line, was the fifth man in the Clemson backfield all afternoon. John Wagoner at the other guard and Co-Captain Al Phillips also shared in the tight defense thrown up by the hard-charging line. The third period was a seesaw battle but in the final quarter Clemson began to move. After advancing to the State 3-yard line, Clemson was so completely man-handled by the State line that the Wolfpack took over the ball back on their own 31 with only seconds to go. A host of State tacklers, including Watts, trapped Leverman back on the State 19, and then the speedy Watts killed all hopes of the home fans by dumping Biisendine for a 12-yard loss on the State 31 where the 'Pack took over. Big Jim Byler kicked both extra points for a season's total of 3 out of 4.

STATE 25—DAVIDSON 0

Held scoreless and without a first down through the first two periods of play, State's Wolfpack exploded in the second half to roll over undefeated

Davidson 25-0. The game was played on a cold, windy night in Riddick Stadium. Three hard-running tailbacks—Gwyn Fletcher, Ogden Smith, and Howard Turner—were the Wolves who took the fight out of the Wildcats during the final stanzas of play. It was Freshman Fletcher who sparked State's first touchdown drive in the third quarter. The 'Pack went 54 yards the first time they took possession of the ball, the drive ending when Leslie Palmer pushed his way through center from the 2-yard line.

Early in the fourth period Fletcher paved the way for the second score when he intercepted Junie Gny's pass on the Davidson 33. After having to punt because of penalties, and Davidson couldn't gain, Fletcher took the visitors' punt on their 35 and raced it back 13 yards to the Davidson 22. On the second down, Fletcher took the pass from center, spun to his left and started out on what looked like a left end run. Instead, he let go with an aerial over the goal line that George Blomquist had to go to his knees to catch for the score. Howard Turner was the big noise in State's third touchdown drive that started on the State 44. After two long passes to Paul Gibson and an 11-yard run by Gordon Goodman, Turner bounced off right tackle for the score. State scored again late in the final period after Byler missed a field goal from the 27. Davidson kicked out to Ogden Smith, who took the ball on his 41 and dashed back down the sidelines, twisting and dodging, for 59 yards and the final score.

The Wolfpack forward wall again turned in a fine performance with Barney Watts, John Wagoner, Taylor Moser, and Curtis Ramsey leading the way. George Blomquist again displayed his talents as a glue-fingered pass catcher.

STATE 14—WAKE FOREST 6

An alert, aggressive Wolfpack proved that air power is just as important as ground power by defeating a heavier Wake Forest eleven 14-6 to hand the Deacons their first defeat of the year. After the Deacs had marched 68 yards for a touchdown in the first quarter, the aroused 'Pack roared back 73 yards to tie the game up and go out in front when Jim Byler kicked the extra point. Howard Turner, the flashy all-conference back, sparked the drive with his pin-point precision passing. He completed 8 out of 9 attempts

in the first half to keep State in the ball game. Ends Paul Gibson and George Blomquist held on to practically everything he tossed in their direction. The touchdown drive started on the State 27 after Wake Forest had kicked off. Featured by a 22-yard pass by Turner to Blomquist, the drive seemed to bog down after a five-yard loss, but Turner, on the Deacs' 22, raced wide to the right, leaped into the air and heaved a long pass to Paul Gibson in the end zone. The consistent performing end jumped up and took the ball behind the outstretched hands of two Deacons for the touchdown. Byler's conversion sailed straight through the goal posts.

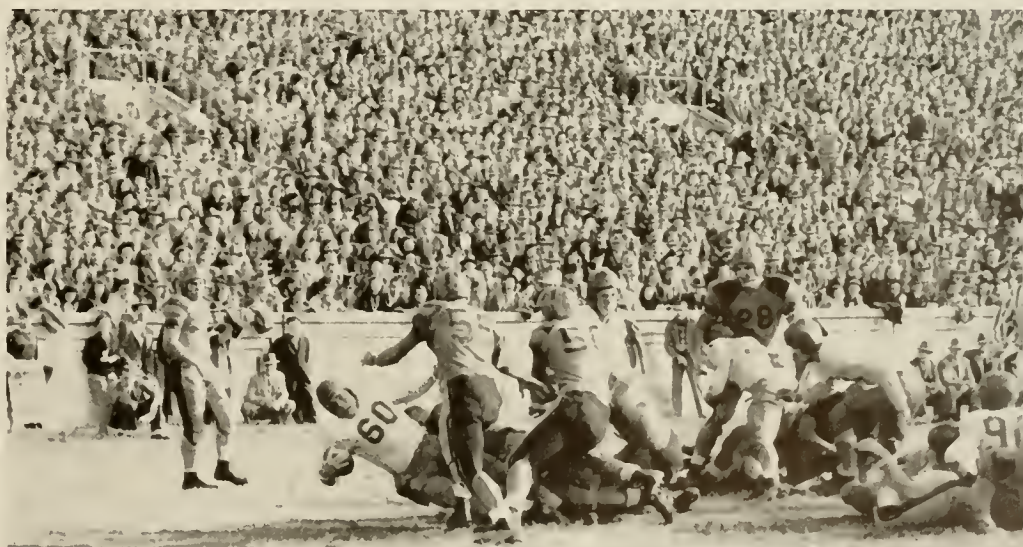

After a see-saw battle in which both teams lost the ball inside the other's ten-yard line twice, State pressed for the kill and put the lid on the whole affair. Fletcher intercepted a pass from Nick Sacrinty on the Wake Forest 27 and he ran down the side-lines to the 6 before being stopped. The Deacs tossed the 'Pack back 10 yards in three plays but on the last down Richkus, who had just come into the game, rifled a pass between two Deacons to end Bobby Courts in the end zone. Jim Byler again toed the ball for the last point with only 50 seconds in the game. Turner's passing and the receiving of Blomquist and Gibson provided the most spectacular plays for State, but there wasn't a better man on the field than freshman fullback Leslie "Footsie" Palmer. Palmer played halfback on defense and turned in an excellent job, stopping everything that came his way and intercepting three passes at very dark moments.

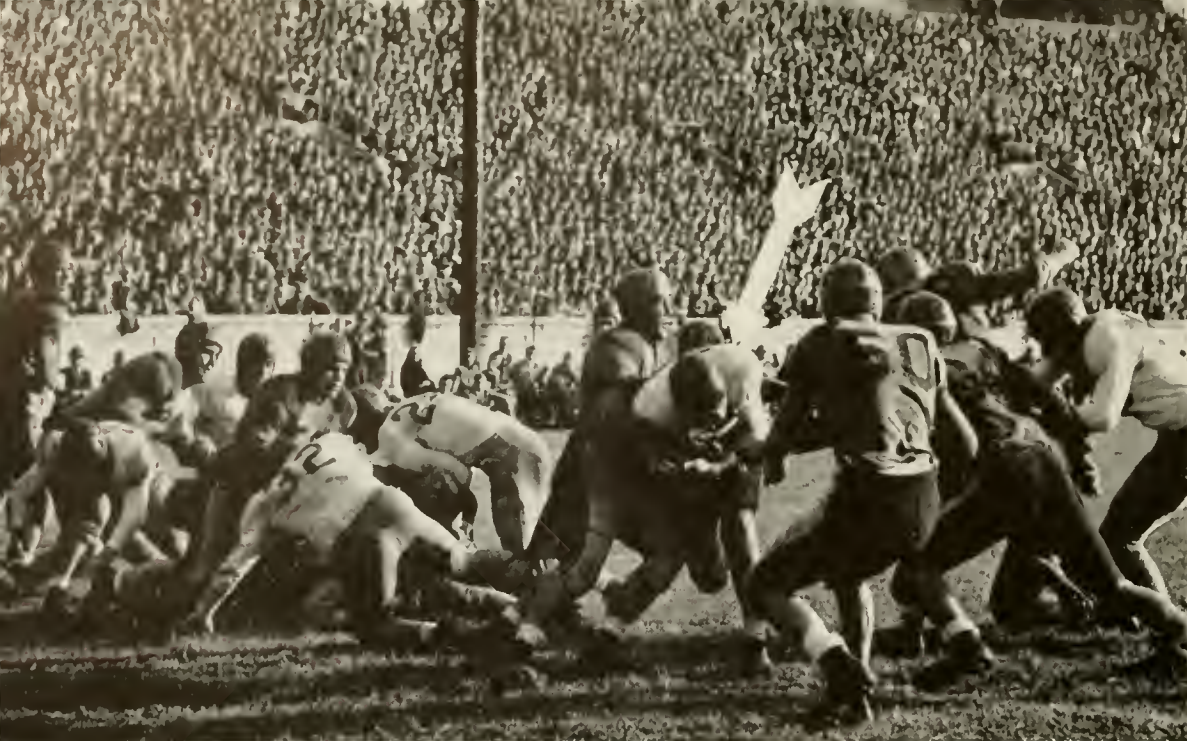

STATE 6—VIRGINIA TECH 14

With four of their hardest games behind them, the Wolfpack entered the game expecting a well needed breather; but a Virginia Tech team that would not settle for anything less than a victory, gave the boys in red and white a surprising 14-6 defeat to knock them from the select class of

the undefeated. Entering the game under adverse conditions the 'Pack was due a letdown, but the Tech team of Virginia deserved to win as they outplayed State. The Gobblers stole State's usual thunder, spirit and pass completions, to score the upset victory. And the fine Tech line just wouldn't let the running attack of the Wolfpack get underway. The Gobblers scored first in the second period on a long pass from the State 34 to Ransome on the goal line. State scored in the third quarter when George Blomquist intercepted a Tech pass on the Virginia 45 and raced the distance to the goal. The game clinching score for the Gobblers came in the early minutes of the final stanza when Ettner broke through to block Ogden Smith's punt and recover it on the one. Two plays later Beard circled his right end for the final touchdown.

Fletcher gets six for the 'Pack.

Three times it looked like the Wolfpack would come back to win, only to lose the ball on downs inside the Tech 25. Ogden Smith and Howard Turner stood out in the State backfield. Leslie Palmer did a fine job of doing the punting for State. The 'Pack line leaders were Blomquist, Gibson, and Taylor Moser.

STATE 49—VIRGINIA MILITARY INSTITUTE 7

The Wolfpack, toppled from the unbeaten ranks a week before by Virginia Tech, snarled and snapped as it vented its wrath on Virginia Military Institute by burying the Cadets under a 49-7 score. The blood-thirsty 'Pack spent a good bit of the first period getting warmed up to the task, but shortly before the quarter whistle blew, it found its stride and thereafter was huffing and puffing at the VMI touchdown portals most of the afternoon.

George Allen, 200-pound junior, started the ball rolling late in the first quarter by reeling off a 51-yard boot to VMI's 16. On the first play, the ball was fumbled and Curt Ramsey pounced on it for State on the Cadet 11. Three plays later, Allen hit the line from

the one-inch stripe for the initial score, and thereafter it was a walk-away for the 'Pack. In all, State tallied seven times, with Allen carrying for three of the six-pointers. Howard "Touchdown" Turner didn't get into the contest until the second quarter, but took the leather over twice. Gwyn Fletcher, who was the State mainstay all afternoon, tallied once and George Blomquist scored once on a pass from Turner. Jim Byler and his educated toe accounted for all seven extra points from placement. Turner turned in two long runs for more added excitement. The first was a 43-yard jaunt which set up the third score, while the other was pass interception return of 60 yards for a touchdown.

Gibson, Ramsey, and Phillips were stand-outs in the State forward wall, which looked classy from end to end. Allen, Fletcher, Richkus, and of course, Turner, were the backfield sparkplugs.

STATE 0—VANDERBILT 7

The Commodores of Vanderbilt handed State its second defeat of the season on a sunny afternoon in Nashville, Tenn. For the second time this year the Wolfpack ran up against a brick wall and was able to gain only 4 yards net against the impregnable defense thrown up by Vandy. Despite this advantage, the Commodores were able to score only once against the strong State line, this being a 20-yard run by Vandy's fast scatback, Jimmy Allen.

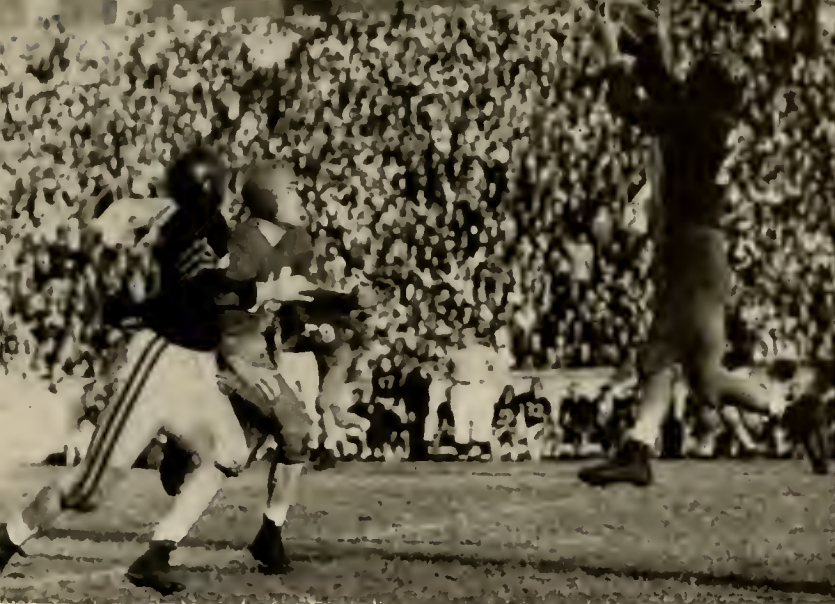

The 'Pack threatened once in the second quarter after John Wagoner had recovered a Vandy fumble, but the drive bogged down on the Commodores' 25. Paul Gibson, senior

end, played heads-up ball all afternoon in the State line, while Hiram Sykes, center, and guards Barney Watts and Bill Manning offered steady performances.

STATE 27—UNIVERSITY OF VIRGINIA 7

State's scrappy pack of Wolves took advantage of almost everything that came their way to roll over the University of Virginia, fresh from a startling upset of Princeton the week before, before 18,000 well-pleased homecoming fans in Riddick Stadium. Guests of the Wolfpack for the occasion were the members of State's strong team of 1927.

Late in the first quarter, Dick Johnson recovered a Cavalier fumble on the 3-yard line to set up the first score for the 'Pack. But the line held and Virginia took over and punted out. Turner carried the punt to the 31. On the next play Bozeman reeled off 19 yards to the 12; then Johnson carried to the 3 where Fletcher scored standing up. After another long drive in the second quarter, Palmer bucked over guard from the 3 to score again. The third score came on an eleven yard pass from Richkus to Blomquist on the 5, where Big George bulled his way on over. In the third quarter, Virginia came to life and scored after a sustained drive of seventy odd yards. Early in the fourth period, the 'Pack struck back for its final tally. Alert tackle Taylor Moser hit Duda with a hard slashing tackle on the Cavalier 3 and caused him to fumble the ball. Moser also recovered the fumble, on the 4-yard line. Howard Turner dived over from there for the last touchdown of the game.

Moser, who was all over the field, by far was the leader in the Big Red line, with strong support from Barney Watts and Paul Gibson. Turner and Gwyn Fletcher, who sparked the club all

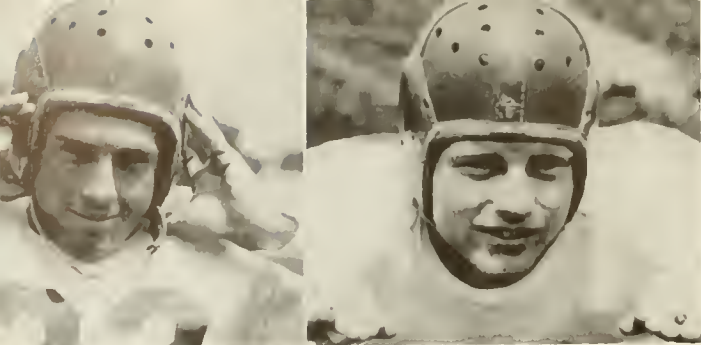

during the game, were the backfield leaders. Bob Bowlby again turned in a dependable game at blocking back, as he has been doing all season.

STATE 37—UNIVERSITY OF FLORIDA 6

Journeying down to the land of the sun in Tampa, Florida, State's powerful Wolfpack unleashed a torrent of touchdownitis to overcome the

Touchdown Turner gets another one.

GEORGE ALLEN

WINSTON NAUGLER

plucky but outclassed Florida 'Gators 37-6. The Big Red took advantage of every break and made few of its own, scoring in every period. State's attack was paced by four fleet tailbacks, with Howard Turner and Gwyn Fletcher carrying the brunt of the show. It was the same alert and potent Wolfpack line, however, that throttled the 'Gators' attack and contributed heavily to State's scoring.

Left end Al Phillips started the 'Pack's touchdown flurry when he blocked Gilmartin's punt early in the game, scooped up the ball and dashed 30 yards for a touchdown. Other State scoring sallies were made by Paul Gibson, who nailed a long pass from Turner only a step away from the end zone; and by tailbacks Ogden Smith, Charlie Richkus, and Fletcher. End George Blomquist contributed a third period safety when he broke through to snare Gilmartin behind the goal line. Jim Byler, kicking specialist, had a perfect day on five conversions.

STATE 28—MARYLAND 7

Looking forward to a bid to the second annual 'Gator Bowl game in Jacksonville, Fla. on New Year's Day, the Wolfpack walked over a hot and cold Maryland eleven before 16,000 fans in Riddick Stadium in the final game of the season, as the main attraction of Dad's Day. Fathers of the team sat on the sidelines as guests of the school.

The hard running of "Footsie" Palmer, Howard Turner, and Harloe Sheets featured for State as the Wolfpack, ever quick to seize upon an opportunity, took advantage of an intercepted pass in Maryland territory in the first quarter to score its first touchdown. After working their way down to the five-yard line on five plays from the 33, the 'Pack scored when Turner ran wide to his right and scored standing up. State's second touchdown was set up on another pass interception. On the State 42 Turner batted the Old Liner pass into the air; Palmer then grabbed the ball and lateraled to 24-karat guard Barney Watts, who raced to the Maryland 21 before he was nailed from

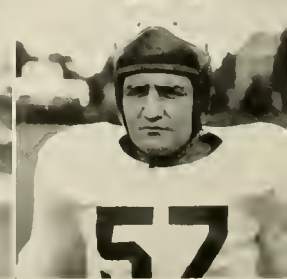

behind. Watts played quarterback in high school and showed that he could still run that ball as he picked up 36 yards on the play. A few plays later, Turner again cracked over from the 5 to build the score to 14-0. At this point, Coach Feathers sent in his second and third strings. Later in the quarter, Mont of the Terps, received a high pass from center on fourth down and State took over on the Liners' 20. Charlie Richkus passed to George Blomquist on the 1, and on the next play Richkus ploughed over for the third score. State's final tally came in the opening minutes of the fourth quarter. After the ball had been worked down to the 4 on some nifty running by Harloe Sheets and a pass to Paul Gibson, Turner bucked over for the third time. Jim Byler, the shotgun point kicker, toed all four extra points from conversion to amass the amazing total for the season of 25 out of 31 attempts.

State rooters had only one blotch on an otherwise perfect afternoon. That was the sight of Big John Wagoner sitting on the sidelines in "civies" after hurting his leg in practice. The loss of John for the game and possibly the 'Gator Bowl was a hard blow to the 'Pack. Wagoner had turned in some fine playing all season at guard.

'GATOR BOWL JACKSONVILLE, FLORIDA

January 1, 1947

N. C. STATE 13—UNIVERSITY OF OKLAHOMA 34

The Wolfpack from State completed their football season by journeying to Jacksonville, Fla., for their first Bowl Game—the 'Gator Bowl. Playing a much heavier team from the University of Oklahoma, the 'Pack lost out to the Sooners 34-13. Despite the top-heavy score it was a hard-fought battle all the way and the 22,000 'Gator Bowl spectators were on their feet cheering from the first few moments of the game, when Oklahoma drove for a touchdown and State followed suit quickly after, until the final whistle.

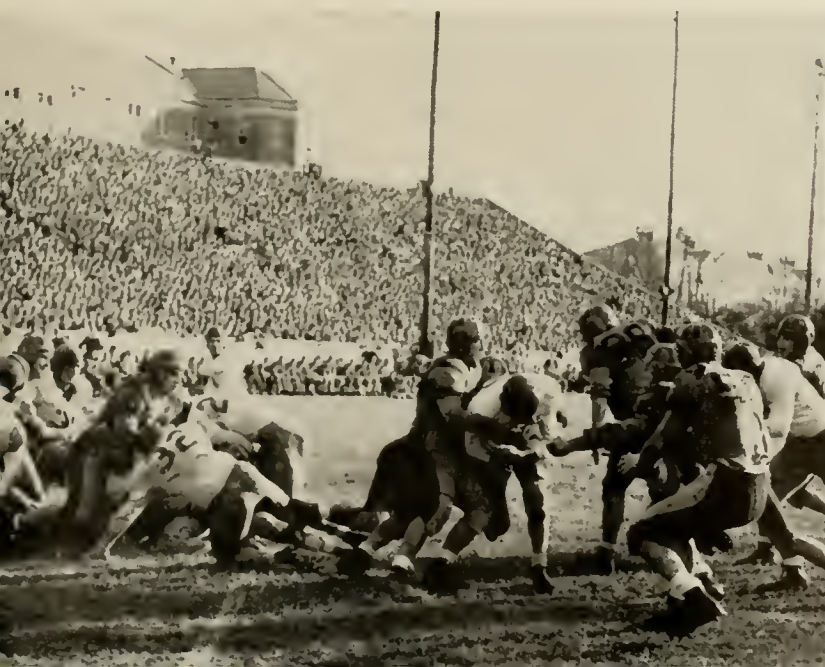

State's first score came in the first quarter after the Sooners had scored. From around his 42, Turner shot a pass to Al Phillips.

Phillips caught the ball on the 10 and galloped over for the touchdown. The Wolfpack's second and final score came as the second half opened. Turner took the kickoff on the goal line and ran it back to the 33. Palmer made it a first down on the 45. Turner passed to Gibson for 12 yards and Bozeman gained 15 to the Sooners' 30. Palmer made 10, Bozeman 2, and then Palmer crashed to the 15. Turner then took the ball to the 8-yard line and Palmer scored from there on an off-tackle rush.

State had three other scoring chances but could not push through the big Oklahoma line. A large State College cheering section was at the game, along with the Red Coat Band.

Six against Virginia.

The WOLFPACK

BASKETBALL

Leo talks things over with "Butter" and "Cusey."

BASKETBALL

Dickey gets two against Duke.

Little was known at the beginning of the season what brand of ball the Red Terrors would play. Not only was the team composed mostly of freshmen, but also head coach Everett N. Case and assistant coach Carl Anderson were launching their first year at N. C. State. The State team is the tallest in the history of the school, averaging over six foot two, but observers said that it was the greenest team ever to represent the school on the hardwood. The biggest task facing Case and Anderson was to teach the State boys a uniform system of play.

Unlike previous seasons, the nucleus of the team were the freshmen who are essentially mid-westerners—Dick Dickey, Warren Cartier, Jack McComas, Charles Stine—to mention a few. Only two lettermen made the first team—Lewis Hartzog, who saw action before Christmas, and Captain Leo Katkavek. The team was rightfully dubbed the "Flaming Freshmen."

To have been so pessimistic, Case's twenty-eight game schedule, including the midwestern tour, was certainly optimistic. Before the first game, the Terrors had decided to use a system of the modified fast break—utilizing their tremendous height under the basket.

On December 3, the Terrors opened their season by easily trouncing the Cherry Point Marines with a 63-33 victory. It was easy to see that Case had one of the smoothest and fastest clubs ever to represent State although it was not a well-knit team yet. Dick Dickey sparked the Terrors to their initial triumph with able help from Warren Cartier and Ed Bartels.

In the game with the McCrary Eagles on December 5, again Dickey was high scorer with Cartier bidding for second honors again. State was showing the South-

ern Conference just what they had to entangle with after Christmas. The score with the McCrary Eagles was 59-50.

The return game with the Cherry Point Marines was a startling upset. The Marines used a tight zone defense, a defense that seemed to baffle them at times.

The Terrors proved that the Cherry Point Marines had pulled an upset by the convincing 75-40 trouncing they handed out the veteran Hanes Hosiery Club. Again Dickey was high scorer with 18 points. Case said that the boys were moving the ball off the backboard and breaking nicely.

While the students were home enjoying the Christmas holidays, Coach Case and a ten-man squad left for a midwestern trip that pitted the Red Terrors against six opponents that represent some of the top-ranking basketball squads of the nation. The Terrors flew from Washington to Indianapolis where they met Tulane University. The Terrors were back home in Indiana.

The Terrors defeated Tulane 51 to 44. Pete Negley lead the Terrors' scoring with 18 points. Cartier was second with 12. Case singled out Leo Katkavek, the only letterman on the squad now, as being "brilliant" on defense and the floor leader.

State outlasted Anderson College to win 68-65 in spite of the 30 points chalked up by Johnny Wilson, Anderson's high scoring negro center. With one minute left and the score 64-65, Katkavek hit on a free throw. Norman Sloan hit a field goal and Dickey hit on a free throw.

The Terrors had their Christmas vacation then but they met again in Shelby, December 27, to play Franklin College. This was "Jack McComas Night." Jack was playing in his home town. The Terrors chalked up their third straight victory in Indiana with a 69-50 decision. Dickey chalked up 24 points with Katkavek getting 12 for second place scoring honors for the Terrors.

The Terrors were shooting for a second victory on the Coliseum at Indianapolis and they got it by defeating Holy Cross 58-42. Holy Cross started out playing hard and had the Terrors baffled but Dickey and Negley found the range. Dickey was again high scorer with 17 points.

Continuing their brilliant ball playing, the next night the Red Terrors drubbed Akron University 53-40. They moved on to Washington to play Georgetown and won their ninth victory in ten games. Coach Case's boys made a clean sweep of all the games on their midwestern tour. Dickey and

MANAGER BOB LEVIN

DICK DICKEY

JACK MCCOMAS

CAPT. LEO KATKAVEK

NORM SLOAN

EDDIE BARTELS

Cartier led the Terrors scoring with 13 points each in the 52-41 victory. Georgetown made a scrap of it for the first ten minutes but the Terrors led the way from then until the final whistle.

Arriving in Raleigh after their most successful trip through the mid-west, the Red Terrors began launching what later turned out to be State College's most victorious basketball season.

In a return match with Hanes Hosiery, the Terrors displayed signs of being tired from their recent tour and were upset 47-44.

Journeying to Charlotte, the Red Terrors bounced back from their upset by Hanes Hosiery to defeat the Davidson Wildcats 53-48. Pete Negley was the pacer of the State attack, ripping the basket for 24 points. Dickey came through with eleven points.

The next night, State's Red Terrors went on a high scoring spree and posted a 86-54 victory over Clemson. State's superb floor game, coupled with a close defense, outclassed the Tigers when the Terrors went ahead at the four minute point. Charles Stine, playing his best game, dropped in 22 points. Ed Bartels took runner-up honors with 15 points.

Back at home, the "Casemen" played host to a return game with the Tigers of Clemson. This time State played a much closer defensive game and easily won 69-21. Stine and Bartels were high scorers with 12 points each.

In the important Southern Conference tilt with Duke, the Red Terrors suffered their first loss within the loop 60-53. With a crowd of 8,500 on hand, the Blue Devils rolled up a 31-19 halftime score. During the last half, the State quint staged a gallant comeback out-scoring the Devils 34-29, but it wasn't enough to overcome the big Duke lead. Many State supporters who witnessed the game left with these words: "Just wait 'til we play 'em at home—just wait!"

Determined to swing back in the victory column, the State boys next played the invading Deacons of Wake Forest on our home court. During the first half each team played an even brand of ball, but gathering our forces after the intermission the Terrors roared to a 65-48 decision. "Big Ed" Bartels showed superb marksmanship as he bombarded the nets for 24 points. Stine collected 15 with Negley getting 11.

Encountering Furman in Frank Thompson Gymnasium, the Red Terrors chalked up their fifth conference win by a score of 53-33. After a shaky start, State rallied to lead at halftime 31-18. Leo Katkavek, recently elected team captain, continued to set the pace as floor leader—playing the entire game. Leo and Charlie Stine led the scoring with 12 points each.

Two baskets by Dickey, and one each by Katkavek and Bartels gave the Red Terrors a 48-46 victory over Carolina in an overtime contest which ended at 40 all in the regulation game. The thriller, played before 5,500 students at Woollen Gymnasium, was close throughout

the entire game. Red-headed Dick Dickey, who played a whale of a ball game, paced the Terrors with 16 points. Pete Negley bagging 13 points, and Katkavek's exhibiting brilliant ball handling, were also standouts. The Terrors' standing in the Conference was now six victories against one loss.

Before another packed house, at Frank Thompson Gym, State's Red Terrors posted their seventh conference win by turning back a scrappy William and Mary five, 45-33. The State charges did not play their usual brand of ball, as the squad exhibited poor passing and wild shooting—the play of Captain Leo Katkavek being the best of the evening. Also, Jack McComas exhibited some fast and fancy shooting.

In an important intersectional game, State's Red Terrors turned in one of the school's outstanding basketball victories by downing the highly-rated New York University Violets, 47-43, before an excited crowd of 5,000 students. Tied at 19-19 at half, State went ahead to win the ball game, because they were more aggressive under the backboards. Leo Katkavek once again went the route for the Terrors and played his customary brilliant game on defense. Cartier also went the route, and contributed 12 points. Dickey provided the main spark which enabled State to come from behind and post the victory. Bartels with 13 points and McComas with 8 points were vital factors in the victory also.

The Terrors traveled down to Greenville to trim the Furman Paladins 71-51 in a southern conference victory. State completely controlled the backboard for 30 minutes. Negley was the point leader with 19 points followed by Bartels who rang up 13.

He did it—I saw him!

State got their ninth loop win by walloping the Citadel in Raleigh 75-35. Dickey scored 18 points—McComas got 17. Katkavek, once more, went the route for the Terrors and turned in his usual steady game.

Wake Forest's Demon Deacons scored an upset on State's Red Terrors by defeating them 44-39. The Deacons used a tight zone defense which bewildered the boys from State. Sloan turned in the best game for the Terrors and led the scoring with 12 points.

Carolina sent the remains of the Duke Blue Devils over to the Terror's Den to see how we liked "Devil" meat. The Terrors chalked up the highest point total to be scored against the Blue Devils in years. The final score was 83-57. Jack McComas with 18 points was a streak of lightning and he set the pace for his mates—Dickey and Negley, who played their best game of the season. Dick and Pete were the leaders of the offense with 22 points each. Leo Katkavek was his brilliant self on defense and big Ed Bartels turned in one of his better games. To put it mildly, the Terrors were red hot. They took over the Conference lead by defeating Duke.

The Terrors met Davidson's Wildcats next and preserved their record of not losing a home game by winning 65-56. Captain Leo Katkavek was high scorer for the Terrors by bagging 16 points. Dickey chipped in 14 and Negley added 12.

The game to decide the Southern Conference winner—the Carolina-State game was cancelled by Fire Chief Butts, as there were too many people in the gym—or so he said. There has been a lot of speculation about the game, and a great many people will always wonder what the outcome would have been. But State came out first in the Southern Conference standing, and entered the tournament in Durham, March 6, as strong favorites.

In the first round State's Red Terrors met the Old Liners of Maryland, and although State was definitely not at their best, they defeated Coach Shipley's quint 55-43. Pete Negley and Ed Bartels with 16 points each were the pace setters. Captain Leo Katkavek was the floor and defensive leader as usual.

Playing against George Washington in the semi-final round, State College proved to the fans that they were quite a ball team. The speedy Terrors advanced to the finals by rolling up a 70-47 victory over the Colonials. Pete Negley again high scorer with 21 points and Dick Dickey with 15 more, were the scoring leaders. Katkavek and Bartels did a wonderful job of controlling the backboard, and Jack McComas, executing the major portion of the ball handling on the fast break, played a brilliant floor game. Norman Sloan, Charlie Stine, and Warren Cartier were invaluable as substitutes. For that matter, Harold Snow and Bob Hahn did just fine, too.

Thus State entered the finals along with Carolina, winner in their bracket. This was the game that everyone wanted to see. Coach Case started McComas and Dickey at forward, Bartels at center, and Negley and Katkavek at guard. The Phantoms took an early lead and at one time had a 13-point advantage, but Case's quint put on the pressure and at half time had narrowed the lead to four points with the Tar Heels leading 31-27. It was a marvelous display of fighting spirit, and a great comeback. At the 9:20 mark in the second half Pete Negley, the leading scorer of the Tourn-

PETE NEGLEY
CHARLES STINE
WARREN CARTIER
BOB HAHN
HAROLD SNOW

McComas got 18 that night.

Leo up in the air.

ment, made a field goal to send the Terrors ahead 40-39. From then on the Casemen stayed ahead. Final score, State 50, Carolina 48. Negley was the scoring star for State with 18 points. Bartels, ever the cool rugged performer under the basket, tallied 14 points. Cartier ripped the nets for 10 points.

On the United Press 1947 Southern Conference All-Tournament Team, State placed Dickey, Negley, and Katkavek on the first team; and Bartels and McComas on the second team. On the Associated Press All-Tournament team Dickey and Negley made the first team and Katkavek and Bartels made the second team. But, if the State College Students were to choose the teams, we feel sure our ten players would compose the first and second teams.

The AGROMECK Staff commends the student body and the cheerleaders for such ardent support to the Red Terrors. Also high commendation to Bob Levin, student manager, for his helpfulness to Coach Case and the team during the season.

By becoming Southern Conference Champions State College earned the right to play in the National Invitation basketball tournament to be held in Madison Square Garden. As we go to press, State is seeded No. 4 and will play St. John's University in the first round.

Flash! State just defeated St. John's 61-55. Jittery at first, the Terrors were trailing only two points 29-27 at the half. Hahn was the surprise factor in the victory. Not only did he drop in nine points, but he also completely tied up St. John's big center. Negley lead the scoring with 12 points, while Bartels and Dickey dropped in 10 each. Cartier got nine, Leo six, and McComas five. Thus Coach Case has produced a team which has advanced to the national semi-finals, where they meet Kentucky, the top team in the country. Now we simply must go to press, but win or lose these boys have done wonderfully well and we at State are darn proud of them.

STATE ON THE DIAMOND '46

COACH VIC SORRELL

The North Carolina State College baseball season under the expert guidance of Coach Vic Sorrell was one of the most successful seasons ever completed in the realm of sport here at State.

Everything was new and untried last Spring. The baseball destinies were to be in the hands of Coach Vic Sorrell, former Wake Forest pitching ace and former member of the Detroit Tiger pitching staff. Most of the boys were returning veterans and their abilities were virtually unknown.

On March 2 a squad of forty candidates reported to Coach Sorrell for the first practice session of the baseball season. After looking the boys over, he remarked noncommittally that he thought State would have a fair team. As it finally turned out State did have a "fair" team; fair enough to emerge as Big Four Champions.

Of the forty men who turned out for the first practice, only Jimmy Wilson, Paul Gibson, Bill Evans, and Bill Stanton were holdovers from the previous year.

The old wartime Ration League was disbanded and the name was changed to the Big Four. The travel restrictions imposed by the war were lifted and Wake Forest returned to the fold, while the Pre Flight team of Carolina dropped out of the picture. Carolina won the league championship in 1943-45, while Pre Flight was on top in 1944. The post-war season promised to be one of the best ever, with some of the veterans beginning to return and all Southern Conference teams in action once more.

The opening game of the season produced the largest crowd to witness a baseball game in many years.

The Red Terrors dropped a 3-1 decision to Michigan State at Doak Field. The Techs looked very good however in spite of the loss and showed great promise of becoming one of the leading contenders in the Big Four League. The Techs collected seven hits while the Spartans were held to three, and the local nine made one error as compared to two misplays on the part of the Michigan boys.

The State infield was composed of Bill Stanton at first, Stan Kohler at second, Charlie Richkus at short, and Hank Utley at third. Jimmy Wilson, one of the leading batters in last years' Ration League was in center field, while Hal Owens patrolled right field. R. S. Rogers who like Owens was a freshman was at the left field spot.

Next the Ohio University Bobcats invaded the State College lair and were on the wrong end of a 12-2 score when hostilities ended. The Techs finally located its missing hitting power and connected for twelve safeties. The Bobcats collected only four hits from pitcher Curt Ramsey. The Terrors exploded for a six run splurge in the third inning as Stan Kohler and Curt Ramsey each connected for long homers.

At an exhibition game State met the Burlington Bees and were defeated in a very tight ball game 7-6. The Terrors looked as good as the pros as they collected 13 hits and six runs to lead 6-3 going into the last inning. The Bees tagged Johnson for 5 hits and a base on balls to push across the winning run.

In the following game State met and defeated Wake Forest 4-3 behind Curt Ramsey's masterful pitching. This was to be the first of a series of four defeats to the Black and Gold of Wake Forest at the hands of the Red Terrors.

The State College Red Terrors dropped their first loss of the regular season to the Duke Blue Devils. The final score was 11-0. Lefty Lee Griffeth, Duke's ace moundsman, held the Techs to four hits, while the Dukes collected 13 safe blows from

CHARLIE RICHKUS

pitchers Gibson and Wilson. Duke took an early lead as they connected in the second inning to score three runs. In the fourth frame the Dukes tallied two more runs on one hit, two walks, and an error. This was the Techs' first loss in Big Four Play.

On Easter Monday State met Wake Forest for the second time before a holiday crowd of 3200 fans. State took an early lead and ended up with a 6-3 victory over the Demon Deacons. The win was the second victory of the season in league play for Coach Sorrell's team.

Curt Ramsey allowed only six hits and was complete master of the game, allowing himself to get in but one hole. He then proceeded to strike out two men with the bases loaded and end the inning. The State men scored two runs in the sixth and

Utley sweats at first.

PAUL GIBSON

CURT RAMSEY

one each in the seventh and eight innings after Bill Stanton lifted one over the field fence with none on earlier in the game. Ramsey fanned seven of the nine batters to face him as the Deacs were kept guessing all afternoon by the big right-hander.

State's next game and victory was over Davidson. The final tally was 12-3 in a free scoring game. Jimmy Wilson, first string outfielder, was State's moundsman for the first six innings, giving up only one hit. Stanton led the Terrors' hitting attack by knocking out four solid blows.

Still smarting from the 110 defeat handed them by the Blue Devils in a previous game, State met Duke on Doak Field and had their revenge by a score of 5-3, thus taking over undisputed possession of first place in both the Big Four and Southern Conference standings. Big Curt Ramsey hurled the

Red Terrors to the 5-3 win before 2,500 fans. The Terrors pounded Lefty Lee Griffeth for all five runs, knocking him out of the box in the eighth inning. State opened the scoring in the second inning when Ramsey singled to drive in a run. Duke tied it up in the sixth, but State took the lead again with another run in their half of the inning. State's big scoring drive came in the seventh inning when they broke up the ball game with three more runs.

Continuing on its winning way State handed the Tar Heels of Carolina a 5-0 whipping behind the two hit pitching of Ernest Johnson, freshman right-hander. This was the third win in league play for the hard hitting Techs while they had but one loss. Carolina had the reputation of having the hottest pitchers in the league and started one of their mainstays against the Techs. The Terrors responded by collecting twelve safeties off the offerings of Vincent DiLorenzo. Johnson was the star of the day as he pitched his first complete game of the season and kept the Carolina team in the hole throughout the entire game. Johnson helped win his own game by driving in a run on his single. Richkus and Edwards were best at the plate for the Techs, each of them connecting for three hits.

Behind the masterful pitching of Big Curt Ramsey, State defeated the Tar Heels at Chapel Hill by a score of 4-1. By pitching the Terrors to their second victory over Carolina, the husky West Virginian became the first pitcher in the Big Four to defeat the other three teams in the league. State collected eight well-bunched hits to score four times. Ramsey struck out twelve men and allowed only two walks.

Scoring their sixth win in Big Four play, the Red Terrors trimmed Carolina for the third time in as many games behind the pitching of Ernie Johnson. The final score was 6-4. The Terrors scored two runs in the first inning on two walks and two singles. State added two more in the third inning, but Carolina tied the game up in the sixth. Jimmy Wilson broke up the game with a booming double with two men on base.

Evans swears he was safe.

After the series with Carolina, State met again with its traditional rival Wake Forest and Big Curt Ramsey, the leading pitcher in the Big Four, won his fifth game of the season by blanking the Deacons 1-0. Ramsey pitched one of his best performances of the season in order to gain the victory; the Techs could garner only one run off the two Wake Forest pitchers. The lone run of the game came in the third inning when Utley scored from third on a wild pitch.

Back from its victory over Wake Forest, State bumped smack into a stone wall in the form of the Duke Blue Devils who handed the Terrors their second loss in Big Four Competition by a score of 2-0. Lefty Griffith limited Coach Sorrell's boys to one hit, a single by Pinky Gardener in the first inning. This was the second time Griffith shut out the Techs this season. Ernie Johnson who went the limit for the Terrors was in trouble most of the time. He scattered the Duke hits effectively until the eighth inning when Duke scored the only runs of the game.

In their final game with Wake Forest State had to score three runs in the eighth inning to pull this one out of the fire, and in so doing they defeated Wake Forest 6-4. Ernie Johnson turned in his third win of the season as he scattered seven safeties throughout the contest. Jimmy Wilson led the batting parade by hitting four for five and driving in three runs.

One of the longest and most exciting baseball games ever seen at Devereaux Meadow was the 18 inning thriller that State lost to Carolina. The final score was 8-5. Curt Ramsey went sixteen innings for the Terrors, finally being replaced by Ernie Johnson who was charged with the loss. The game was played under protest over an umpire's decision. The protest was withdrawn after State won the Big Four title, thus giving Carolina the victory.

In the final game of the season State's Red Terrors won their first baseball title since 1928 by defeating Duke 4-3 before 4000 fans at Devereaux Meadows. The game was filled with

Bill Stanton just knocked a homer.

thrills perhaps the most exciting of which came in the ninth inning when with the score 4-3, Carlyle Groom doubled to left field and went to third on Vann's grounder. This brought DiAlonzo up. After working the count to 2 and 2 Ramsey curved one over the outside corner for the third out and the ball game.

Captain Jimmie gets a double.

You tell 'em Catfish!

Kohler comes in.

MAGILL, DAVIS, ADAMS

PAYNE, SHUFORD, RASBURY, BODENHEIMER

TRACK, 1946

The first pre-war track team of N. C. State under the direction of coach Tom Hines ended its season with a five hundred average. The State team meet four Southern Conference foes and participated in the Southern Conference outdoor track meet.

The State squad had one returned veteran "Mike" Andrews; the rest of the squad was untried.

In the first meet the State cindermen lost to South Carolina by a score of 85 $\frac{1}{3}$ to 40 $\frac{2}{3}$. "Mike" Andrews came thru with 15 points, first in the shot and discus, and second in the 100 and 220 yard dash. Chambers, a new man to the State squad, turned in a good performance by scoring first in the 100.

Next the State cindermen took on the Davidson "Wildcats" at Davidson and suffered their second defeat. The standout performer in this meet was Charles Chambers who scored 13 points, first in the 220 and first in the low hurdles, and second in the 100. Andrews of State placed first in the shot and discus and third in the 100.

State back on their home grounds entertained the Clemson "Tigers" by a score of 69 $\frac{2}{3}$ to 56 $\frac{1}{3}$. The

CO-CAPTAIN MIKE ANDREWS

Tom Garrison up in the air.

big gun for State was Chambers again by scoring 18 points, he scored firsts in the 220, low hurdles, high hurdles, and second in the hundred. Andrews scored two firsts in the shot and the discus. State swept the two miles with Adams, McIntyre, and Davis. In the broad jump Whitehurst took a first and Jim Barber took second for the State squad. Every man on the squad came through in this meet and they served notice to their next opponent.

Barney Watt heaves the stick.

The "Demon Deacons" of Wake Forest visited the State track and went down to defeat 78 to 48. In this meet Charlie Chambers served notice to his opponents in the Southern Conference meet to look out, against Wake Forest he scored 20 points by taking four firsts in the 100, 220, low hurdles, and high hurdles. In the 440 State made a clean sweep with Rasbury first, Bodenheimer second, and Naugler third. Bob Durant took a first in the discus and second in the shot while "Mike" Andrews took first in the shot and second in the discus. In the two mile we placed first and second respectively with McIntyre first and Adams second. Watts placed first in the javelin.

State sent a squad to the Southern Conference meet at Chapel Hill and Chambers placed third in the 220 after taking a bad spill in the high hurdles. In the low hurdles he placed fourth. "Mike" Andrews took a fourth in the shot put and State's relay team placed fourth.

With the season over State is looking forward to next year with all of its men returning. Chambers and Andrews were elected co-captains of the team.

Bob Durant strains.

First row: Watts, Barber, Andrews, Chambers, Shuford, Stewart, Rattelade.

Second row: Levin, Manager; Hines, Rasbury, Bodenheimer, Durant, McIntyre.

Third row: Smith, Assistant Manager; Whitehurst, Payne, Magill, Adams, Davis, Coach Tom Hines.

First row: Parnag, Wagoner, Troxler, Blalock, Rickard, Musser, Edwards, Fisher.
Second row: Warren, Macgrath, Lewis, Peeler, Rees, Bullock, Coach Crawford.

WRESTLING

After a wartime lay-off of several years, the sport of wrestling returned to the North Carolina State College campus with a bang! The newly formed wrestling team under the able guidance of Coach Al Crawford, former A. A. U. champion, started the 1947 season slowly, losing to a very powerful Navy squad at Annapolis.

On the return trip from Annapolis, the Techs handed the Maryland Old Liners a 21-11 shellacking. Jim Edwards in the 175-pound division and big Fred Wagoner were the "big guns" in this win. For Wagoner this made two straight, as he was the only man to win from Navy.

January 25 saw the State boys lose to a very potent bunch of grapplers from Appalachian, where, ironically enough, Crawford was a star performer for several years.

State's hopes for garnering the Southern Conference wrestling crown received a severe blow on February 1, as Coach Al Crawford's scrappy, but inexperienced grapplers finally bowed to the superior "know how" of our arch rivals, Carolina. A crowd of nearly three thousand witnessed this exciting contest at Frank Thompson Gymnasium.

Carolina's Tar Heels got off to a flying start, winning four of the first five matches; but the State grapplers in the heavier brackets came back strongly, scoring two quick falls. Wagoner turned in another stellar performance, pinning John Stoioff in the short time of one minute and two seconds. Jimmy Edwards, who did an excellent job in the 175-pound division, pinned Bill Kemp after a minute and thirty-five seconds.

For crowd appeal, the night's best match had State's Don Troxler facing Oscar Gupton in the 165-pound class. Gupton finally managed to win by a very close margin after Troxler seemed to tire.

In a Southern Conference meet held at Raleigh on February 7, the Techs scored a convincing 21-9 triumph over the previously undefeated Washington and Lee Generals. Don Troxler came back from last week's defeat to score a quick fall over Metzel. Wagoner won his fifth straight match by a fall and J. B. Edwards won his fourth straight victory. Ben Lewis of State scored the only other fall of the night.

February 14 saw Virginia Military Institute's powerful mat team, rated as tops in the conference, come to Raleigh and win a very close contest, 17-14. Although the State wrestling team lost to V. M. I., three

of State's heavier wrestlers came through with victories. These three were Troxler in the 165-pound division, Jim Edwards 175-pounds, and Fred Wagoner, heavyweight.

The fast improving wrestling squad did their part in contributing to that memorable Tuesday, February 18, by defeating the Duke matmen by the impressive score of 26-10. The State Grapplers failed to win in only two divisions while winning four matches by falls. Jack Ratts, Carlton Blalock and as usual Troxler, Edwards, and Wagoner led the way to the victory. Wagoner was not up to his usual form as it took

FRED WAGONER

him fully *four minutes* to gain a fall. Big Jim Edwards gained a fall over his opponent in 56 seconds of the first period, which is close to a record.

Shortly after defeating Duke, the State matmen left on a very successful invasion of Virginia. They met the University of Virginia matmen on Friday night at Charlottesville and defeated them by a score of 17-13.

In the meet with Virginia, the State grapplers seemed to experience some difficulty in getting started, but Carlton Blalock, 136-pounder, started State's comeback with a decision over Kootz. After that, the matmen managed to win 5 out of the last 6 bouts. Jimmy Edwards continued to keep his string of consecutive victories intact, winning over Hunze by a decision. Other State wrestlers who gained victories were: Poplin, Troxler, and Rees.

The hard working "Red Maulers" continued their red hot pace on Saturday by soundly trouncing Virginia Polytechnic Institute, 17-9. Jim Rees, heavyweight, who replaced Fred Wagoner on this trip, made it two straight against Virginia foes, gaining a decision over Adams. Don Troxler, who began his winning streak against Washington and Lee, continued his victorious march by decisioning Oliver. Jimmy Edwards, State's co-captain, racked up his eighth straight victory by pinning Callum in 1:50 of the second period.

March 1 saw Davidson's Wildcats take a terrific beating at the hands of Coach Al Crawford's grapplers, 28-6. The State grapplers lost only two matches out of eight and won three by falls. The men scoring falls were Blalock, Lewis, and Poplin. Crawford's two undefeated grapplers, in conference competition, Fred Wagoner and Jimmy Edwards, kept their records intact. Edwards won by a decision over Alexander and Wagoner won by a forfeit. They must have read about Fred's ferocity!

The match with Davidson was the last regular season contest for the State wrestling team. The win over the Wildcats gave Crawford's men a record of 6 wins against 2 losses in conference competition. The State

Mat Team holds victories over Duke, V. P. I., Virginia, Washington and Lee, Maryland, and Davidson. The two losses came at the hands of Carolina and V. M. I., the league leaders, by a very close margin.

March 7 saw State's "Red Maulers" travel to Lexington, Virginia, to participate in the first post-war Southern Conference Wrestling Tournament which was being held at Virginia Military Institute. State was represented in all classes except the 155-pound division. Coach Al Crawford's squad consisted of Bill Rickard, Ben Lewis, John Poplin, Don Troxler, J. B. Edwards, and big Fred Wagoner.

The semi-finals ended in this manner: Rickard was decisioned by Thompson of Carolina in the 121-pound class. Blalock put up a terrific battle before he was finally downed by Carolina's co-captain, Dick Hearn, by the very close score of 8-7.

Ben Lewis, 145 pounds, lost to Stieff of Washington and Lee in a close decision. John Poplin, also in the 145-pound class, was decisioned by the tournament champ in the semi-finals, but he came back and defeated Long of Davidson in the consolation matches.

Don Troxler, 165 pounds, defeated Gupton of Carolina, by whom he had been defeated earlier in the season. He went on to defeat Gormann in the finals and win the championship in his division.

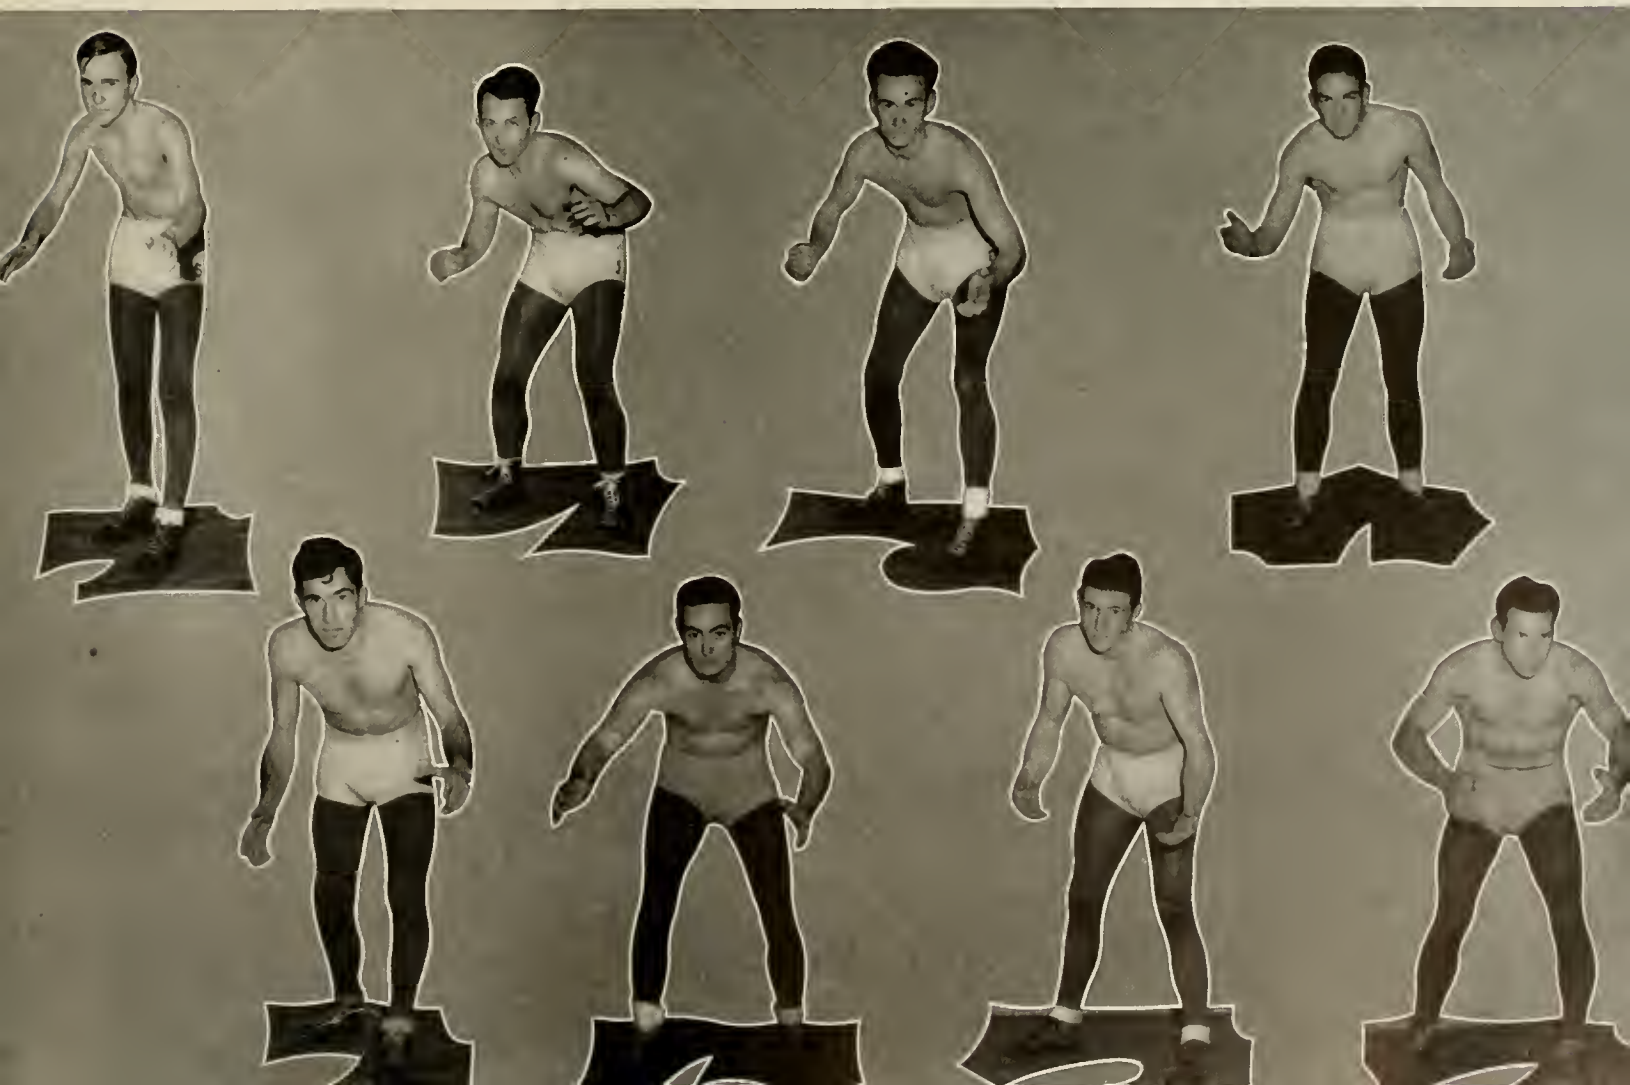

J. B. Edwards won by a decision over Crome in the 175-pound division and Wagoner pinned his V. M. I. opponent in the heavyweight class in the semi-finals.

The finals ended this way. Edwards decisioned Marcheck of Maryland. Wagoner was surprised by Hooper of Carolina who won a close decision.

Carolina won the tournament with 29 points and State and V. M. I. tied for second place with 20 points each.

This has been a very successful season for the State College wrestling team. Overcoming such handicaps as lack of training time and "green" material, Coach Al Crawford built a team that won second place in the conference. This is indeed a fine record for his first year here at State, but next year the crown might well be won by State College.

*Left to right, first row: Rickard, Jack Ratts, Joe Warren, Carlton Blalock.
Second row: Ben Lewis, Max Warren, Don Troxler, J. B. Edwards.*

1947 SWIMMING

State College's 1947 swimming team, tutored by youthful Coach Willis Casey, is reputed to have been the best ever to represent the school. Casey chalked up a record of eight consecutive dual meet victories, in addition to the Carolinas AAU championship in his first year at State.

The tank team was littered with stars, but Bill Kelly turned in an iron-man performance throughout the season. Kelly won the 200-yard breast stroke race in each meet, set new pool records at State, Clemson and Emory, cracked his own Southern Conference record, won several first places in the free style races, posted three individual first places plus tours with two winning relay outfits in the Carolinas AAU, and swam with an undefeated 400-yard relay unit.

Kelly was termed by Casey as "the greatest swimmer in the country," and Casey predicts that Kelly has great possibilities as a future Olympic star.

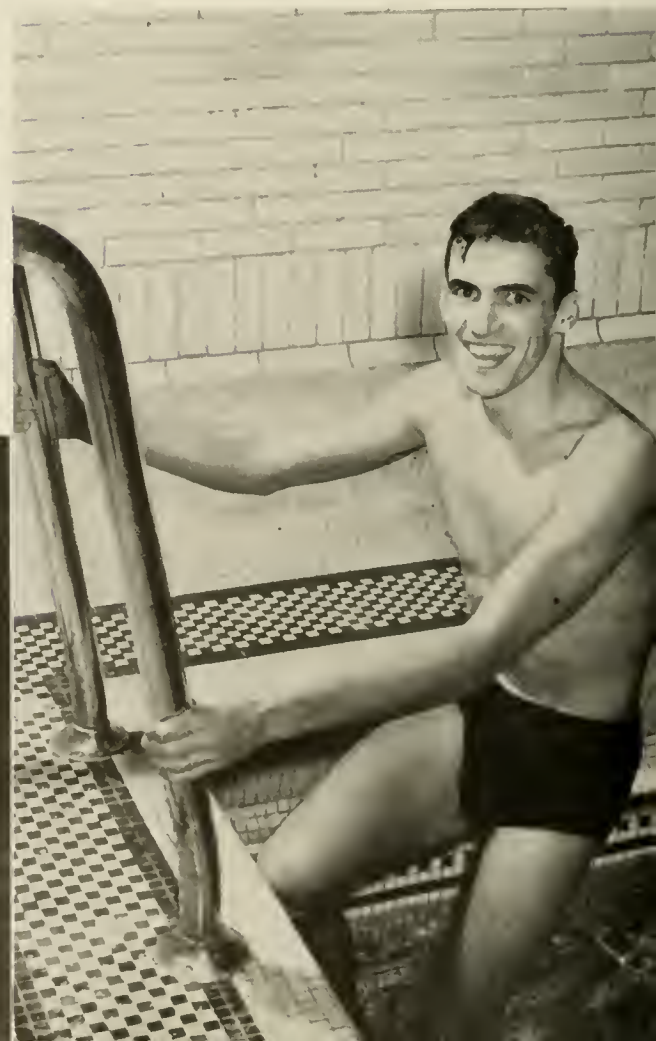

The Red and White tankmen opened the season with a 48-27 victory over Virginia, and then pulled one of the major upsets of the year by defeating Georgia Tech, 45-30. On a trip into the Southeast, State dumped Clemson, 51-24, swamped Georgia, 57-18, and ended the tour by turning back Emory, 52-23, just one week after the Emory swimmers had won the championship in the Southeastern AAU meet. Finishing out the dual meet schedule, State sank VPI, 51-24, murdered

BILL WARD

CAPTAIN "HARPO" REYNOLDS

BILLY KELLY

VMI, 47-28, and barely edged Duke, 38-37, in the season's final.

Casey's charge took over the crown in the 10th Annual Open Carolinas AAU meet. It was the first time in the history of the event that Carolina's Blue Dolphins failed to clinch the water carnival. State won seven of nine first places and tied with VMI for the eighth. Norman Sper led the divers for Carolina's lone first place. State had 74 points, Carolina 60½, Emory 17, VMI 16, and Duke trailed, with 4½.

A meet between State and Carolina failed to materialize through a misunderstanding about a postponement. Casey's crew was plagued by injuries to such an extent that he was forced to ask the Dolphins to postpone the meet, and did not take his weakened outfit to Chapel Hill because he thought the meet would be held the following week. Carolina officials appeared to be ignorant of the arrangements and claimed a forfeit. Nevertheless, State's domination of first places in the AAU meet served as a moral victory over the Dolphins.

Captain Bob Reynolds was the only senior on the squad. He swam with both relays outfits. A 400-yard crew of Reynolds, Bill Ward, Bill Kelly, and Bill Despres was undefeated. The 300-yard medley trio of Bill Nufer, Kelly, and Reynolds was also unbeaten. Reynolds' 220-yard Southern Conference mark of 2:20.8, which was set in 1939, held through another season.

Bill Ward was State's outstanding free style specialist. He set new pool records at Clemson and State and bettered the Southern Conference mark in the 50-yard dash. Ward was plagued by an old knee injury toward the end of the season

and missed the 100-yard record, which he had been expected to try to crack.

Bill Despres, former AAU champion, was the leading backstroker on the squad, followed closely by Nufer. Nufer handled the backstroke duties in the medley relay and Despres swam the 150. Despres also swam the 220 and usually alternated at either the 440 or with the 400 relay.

Understudy to Kelly in the breaststroke races was Bill Ritchie. Two very promising freshmen who swam in various free style races were Gorman Gold and Bill Smith. Both men are expected to develop into first rate sprinters.

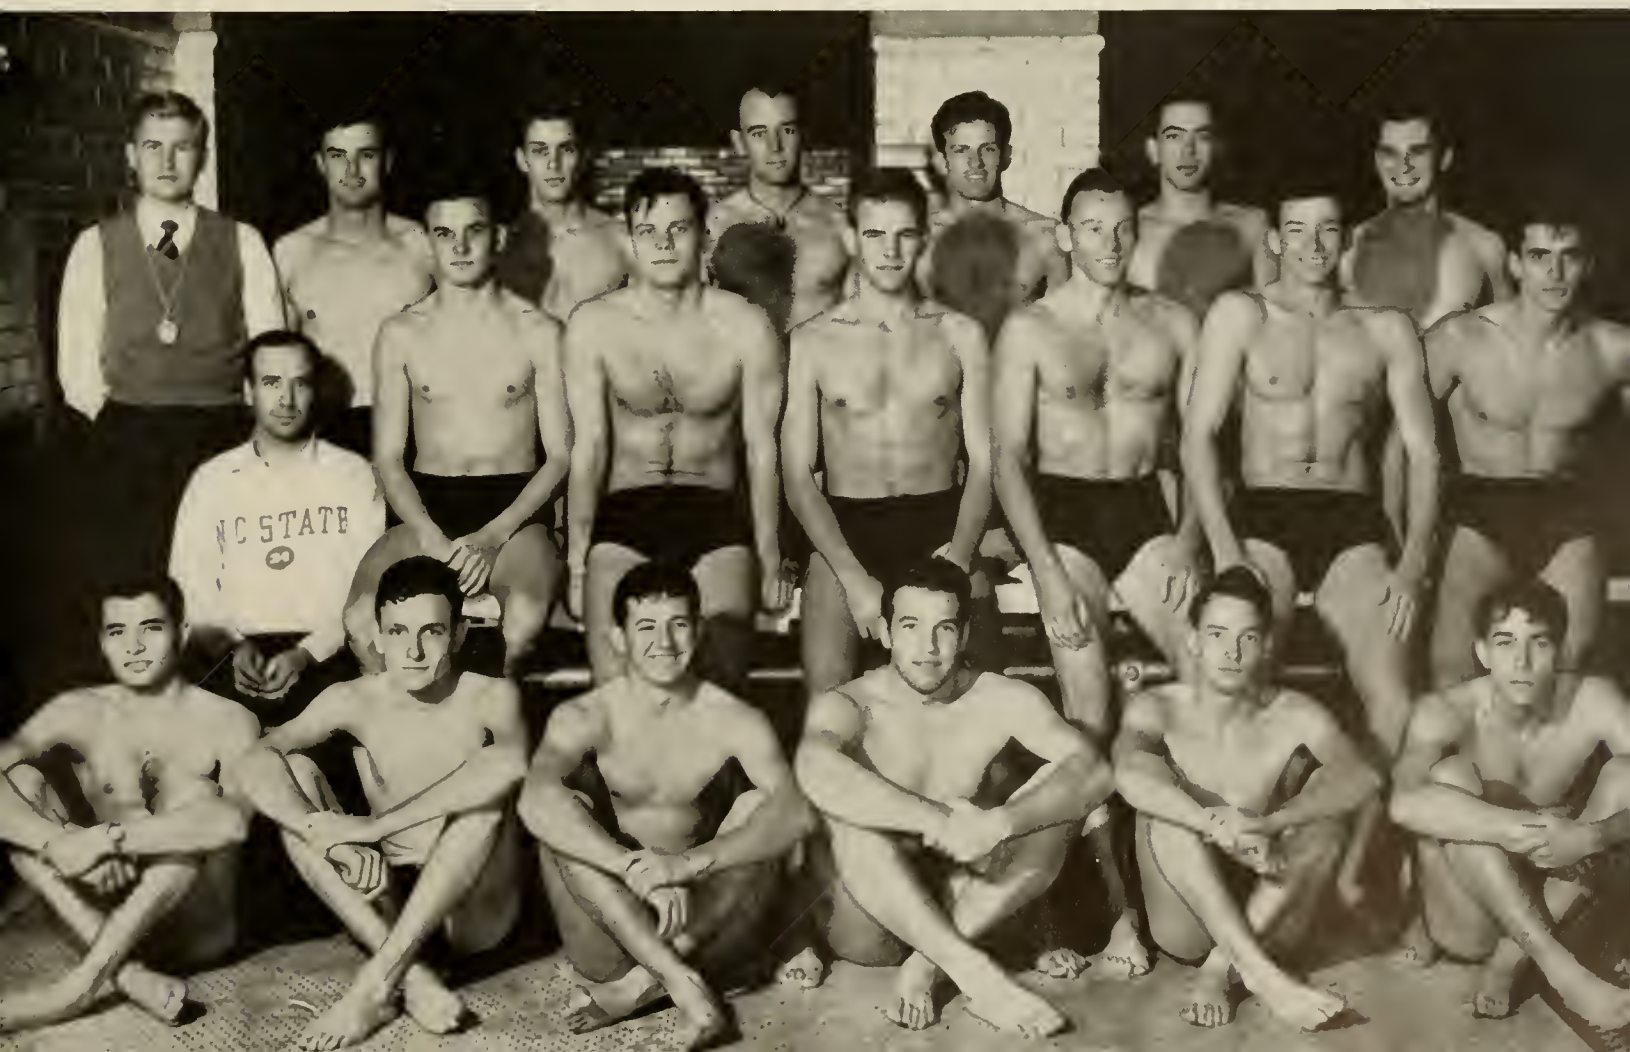

Divers of no mean ability were State's two freshman—Harry Cramer and Tinker Heyward. One of the two took first place in each of State's dual meets. Under the tutoring of Casey, each improved greatly during the season.

In the Annual Southern Conference swimming meet, State collected 47 points and finished in second place behind Carolina's Blue Dolphins. The Dolphins has 21 swimmers entered in the two-day event, compared to 10 of Casey's mermen.

Bill Kelly was the individual high scorer, with 14 points. He won the 200 meter freestyle, the 100-meter freestyle, and placed fourth in the 200-meter breaststroke. Ward captured the 50-yard freestyle for State's other first place. Carolina's strong diving department was a great aid in its victory.

In one year at State, Casey produced a tank outfit—undefeated in dual meets—that succeeded in setting five new records for 25-yard pools in the Southern Conference and has attained national prominence in the realm of tank teams.

Top row: Coach Casey, Kelly, Parker, Ritchie, Sherrill, Patton, Nufer.
Middle row: Andrews, Heyward, Despres, Johnson, Reynolds, Gold, Ward.
Bottom row: Temkin, Whecker, Lail, Smith, Morris, Thorne.

OPPORTUNITY IS KNOCKING

There are always many of the alumni of the State College here at the Stonecutter Mills, where the opportunity to work and learn is great.

Our organization performs all functions in the rayon industry from opening raw yarn through dyeing and finishing.

Many of the top men in the industry have made their start at Stonecutter, some remaining here and others filling top positions elsewhere.

BURLINGTON LOOKS AHEAD

Burlington looks ahead—to tomorrow and to all the other days ahead. Looking ahead is in fact a policy, even a habit, at Burlington Mills.

The Company's record in looking ahead is known wherever Burlington operates—in 56 communities scattered over seven states and six foreign countries.

This record shows that

. . . Burlington was one of the first to see the possibilities of rayon and is today one of the world's largest fabricators of man-made yarns.

. . . Burlington has contributed to finding new applications for these relatively new fibers.

. . . Burlington has diversified its production, looking ahead and protecting itself against sudden market changes.

. . . Burlington has established a well-trained staff to keep the organization up-to-date in its machinery and methods.

Behind this record are 22,000 men and women who have worked together to produce improved products to retail at constantly lowered prices. Leading these workers is an energetic management as youthful in years as in spirit, for Burlington has always believed in giving young men and women with initiative and ability a chance to go forward . . . a chance to look ahead with Burlington.

ELIMENTARY, MY DEAR WATSON!

Here's a problem for you, Watson.
What living cost has **DECREASED**
while nearly all other costs have gone
right on rising?

Are there any clues, Holmes?

My dear Watson, the answer is at
your fingertip. What else gives you
three times as much for your money as
it did 20 years ago? What else is ready
day or night, winter or summer, to
lighten your tasks and make life more
comfortable for you? What else gives
you so much service for just a few
pennies a day? What else, my dear
Watson, but Electric Service?

Yes, Holmes — but WHODUNIT?

Elementary, my dear Watson. Electric
service—dependable and cheap—is
the result of hard work and experience
on the part of the men and women of
your electric company—under sound
business management.

**Women who "know
their knitting"**

say,

"If it's Hanes, it's knit for long wear"

HANES FIG-LEAF BRIEF is one example of Hanes experience in knitting fine underwear that gives extra wear. Exclusive construction provides gentle athletic support. Conveniently placed fly. Combine with a highly absorbent Hanes Undershirt for warm-weather comfort.

HANES TAILORED SHORTS

are cut to full size — no skimping of cloth. The seat is roomy, the legs the right length for proper fit. Shown here with a Hanes Sport Shirt which doubles as a "Navy-style" undershirt.

THE HANES FIG-LEAF SUIT

is designed in one piece to give athletic support and waistline comfort. Ask your dealer to fit you in your correct trunk size — measured from shoulder through crotch and back again. P. H. Hanes Knitting Company, Winston-Salem, North Carolina.

**AN OPEN SECRET
ABOUT S & W KNITTING
MACHINES**

AN OPEN SECRET ABOUT S & W KNITTING MACHINES

There is no secret about Scott & Williams' leadership for eighty-one years as a manufacturer of circular knitting machines.

However, the reason for this leadership may not be so generally known—a program of continuous research to improve present machines and develop new ones.

A recent and gratifying result of this policy is the "DANCING TWINS" Seam-free nylon hosiery machine.

Other improvements and advances in design are pending and will be announced.

PROMPT SERVICE

Experience

LYNCHBURG ENGRAVED ANNUALS ARE
BUILT UPON YEARS OF EXPERIENCE
AS SPECIALISTS IN THE FIELD OF
SCHOOL PUBLICATIONS

IN successfully fulfilling the requirements of the modern College Annual Staff we have combined a comprehensive and systematic servicing program with that high standard of quality so essential in the production of fine yearbooks. Lynchburg engraved annuals are built by an organization specializing on school annuals exclusively, thereby assuring each staff of the personal and intelligent assistance so necessary in the planning and designing of a truly satisfactory book.
